WE ARE UPWARD BOUND

WHAT IS UPWARD BOUND?

Upward Bound is an intensive year-round college preparatory program that provides academic support and focuses on your personal development during high school. The program is open to prospective first-generation college students (meaning neither parent has received a four-year college degree), as well as students who come from families that meet federal low-income household guidelines.

Our two-part program provides you with year-round academic tutoring, college visits, counseling, workshops, cultural and educational experiences, test preparation, and a six-week Summer Academy with an on-campus living experience.

IS UPWARD BOUND FOR YOU?

If you believe you can achieve greatness, then the Upward Bound Program is for you!

Success is a combination of big dreams, hard work, and the right tools. At Upward Bound, if you supply the vision and determination, then we will give you the tools you need. If you have the dream of enrolling in college after high school and becoming a college graduate, the Upward Bound Program is for you. Our ultimate goal is to produce transformative adults who actively pursue and obtain professional careers, and make their marks on the world.

Even if your grades are not where they should — or could — be, if you have the right attitude and willpower, the Upward Bound Program is for you.

ABOUT THE UPWARD BOUND PROGRAM

The University of Dayton Upward Bound Program is grant-funded through the U.S. Department of Education. Upward Bound was created in the 1960's to address the need to increase college access to students who come from families where neither parent has obtained a college degree.

Through a combination of academic courses, college residential experience, tutoring, cultural outings, and character-enrichment workshops, the Upward Bound Program works year-round (both summer and academic-year components) to assist students in improving their grades and bridging the gap between high school and college attainment, making earning a college degree a reality.

Our Upward Bound Program at the University of Dayton targets students who attend the following Dayton Public Schools: Belmont High School, Dunbar Early College Academy, and Meadowdale High School.
