

SUMMER ADVANCEMENT

2017 Application

Start Your College Experience While You're in High School

Through the Summer Advancement Program, you'll gain all the perks of a college education — without the cost.

Not only will you get to take interesting courses, but you'll also meet new friends, get a firsthand account of college life and earn credits that may transfer to any college or university.

As part of this program, you won't have to pay tuition. You are only responsible for textbooks, transportation, personal expenses, and any laboratory or materials fees.

This is not a residential program, so you'll need to arrange your own accommodations — or simply drive to campus on days you have class.

Take Real College Courses

Through the Summer Advancement Program, you'll get a taste of the college experience as you take regular college courses taught by University of Dayton professors. Whether you want to learn more about history, mathematics or psychology, you'll find courses to match your interests.

While most classes run from June 26 to August 5, there are a few exceptions. See the course listings for additional information.

Apply by May 8

In order to be eligible for the Summer Advancement Program, you should have a cumulative GPA above 3.5 on a 4.0 scale. Your application must be approved by your high school.

If you are a freshman or sophomore, you must also submit test scores, a written recommendation and a recent writing sample. The recommendation should indicate your academic

ability and emotional maturity to successfully participate in college classes, and should be written by a teacher in the subject area in which you are requesting course placement. Test scores must be a minimum 24 ACT or 1180 SAT (critical reading and math.) The score requirement may be waived for students who can demonstrate superior academic ability.

Admission to the Summer Advancement Program is competitive, and meeting these requirements does not guarantee acceptance into the program.

Application Requirements:

- » Complete this free application and give it to your high school counselor.
- » Your counselor should complete the recommendation, attach your official high school transcript and mail the completed application and transcript to our office.

All materials must be received by the Office of Admission and Financial Aid by May 8.

Name _____ Alumnus(na) or student _____ Relationship _____

Does either parent work at UD? Yes No If yes, which office? _____

My daughter/son/ward has my approval to apply for admission to the University of Dayton Summer Advancement Program and, if admitted, to enroll. By signing this form, I understand:

- Acceptance into this program does not constitute enrollment in a specific course or courses and that registration will be on a space-available basis following the registration of current University students.
- I authorize the University of Dayton to inform the high school district superintendent and the state superintendent of public instruction of my daughter's/son's/ward's enrollment and grades achieved at the University of Dayton.
- Students in the Summer Advancement Program are expected to fulfill all the requirements of the classes in which they enroll, as they are currently enrolled University of Dayton students.
- There will be no special monitoring or evaluation of these students other than that which is normally done by the class instructors.
- The same academic and student conduct standards will apply to Summer Advancement students as to other enrolled students.
- In the event of a medical emergency, the University of Dayton is authorized to obtain medical treatment as required.
- I will not hold the University of Dayton responsible for my daughter's/son's/ward's class attendance or for any activity which she/he is engaged in while away from the high school campus.
- I support my daughter's/son's/ward's application to and participation in the Summer Advancement Program.

Course Descriptions

CMM 100 - PRINCIPLES OF ORAL COMMUNICATION

Introduces the relationship between communication and democratic life in contemporary and historical contexts. This course examines the importance of communication in achieving mutual understanding and provides the opportunity to demonstrate effective and ethical dialogue. Students learn to structure messages that deliver complex information to nonexperts, effectively advocate a position and critique the messages of others.

ECO 204 - PRINCIPLES OF MACROECONOMICS

Introductory economic analysis of the macroeconomy: the determination of gross national product, employment, inflation and the interest rate in the U.S. economy. Government policy, money and banking, and international trade are analyzed.

ENG 100 - WRITING SEMINAR I

Introductory composition course focused on personal and academic literacies, with an emphasis on expository writing. Instruction and practice in developing college-level reading, writing, research and critical thinking skills. Emphasis is on a process approach to writing effective academic prose. Students must pass the course with a grade of C- or higher to satisfy the University requirement in general reading and writing competencies.

HST 103 - THE WEST AND THE WORLD

Survey of key themes in world history including the social, economic, cultural, political and environmental forces that shaped the human past throughout the globe.

MTH 116 - PRECALCULUS MATH

Review of topics from algebra and trigonometry including polynomials, functions and graphs, exponential and logarithmic functions, trigonometric functions and identities. Prerequisite: Two years of high school algebra.

REL 103 - INTRODUCTION TO RELIGION

Examination of the nature of religion, comparative aspects of religion and the function of religion as a source of interpretation of life.

SPN 101 - BASIC PROFICIENCY IN SPANISH I

Development of basic communication and intercultural skills in reading, listening, writing and speaking through extensive practice in language use. Admission is restricted to those who have not studied Spanish or have placed into this course by examination.

SPN 201 - INTERMEDIATE SPANISH I

Intensive development of the basic principles of Spanish through writing and conversation, stressing fluency. Language laboratory required. Successful completion of this course includes the demonstration of the proficiency level required by the College of Arts and Sciences' Liberal Studies Curriculum. Placement exam required.

SUMMER ADVANCEMENT

2017 Application

Please type or print clearly in ink. Application (front and back) must be completed in full. Your high school counselor should attach your transcript and return the completed application to our office. To be considered for this program, you must have both parent/guardian and school approval. There is no application fee.

Last name _____ First name _____ Middle name _____

Male Female Email address _____

Legal address _____ City _____ State _____ ZIP code _____

Date of birth _____ Home telephone () _____ County _____

Are you a U.S. citizen or permanent resident? Yes No If no, what are your citizenship and visa statuses? _____

Racial/ethnic background (optional) 1. Do you consider yourself to be Hispanic / Latino? Yes / No
 2. Select one or more of the following racial categories to describe yourself:
 American Indian or Alaskan Native / Asian / Black or African-American /
 Native Hawaiian or other Pacific Islander / White

High school _____ Expected graduation date / / _____

List all activities (including offices held) in which you participate in high school.
