#UD2NYC

This information packet will serve to introduce you to the University of Dayton Finance and Economics majors who will be traveling to the East Coast during their mid-term break to experience New York City firsthand, from Wall Street to Broadway. These 14 students are looking forward to touring investment firms as well as the Federal Reserve Bank, visiting the floor of the NYSE, meeting alumni, and absorbing some culture. We thought you'd like to get to know them a little before they arrive. Click on a name to see the student's LinkedIn profile, or reference the resumes at the conclusion of this electronic booklet.
