Thank you to all non-returning AAC members, students and faculty for you service.

Roberts Rules of Order webinars: Associate Dean Danielle Poe has approved that webinar courses in Roberts Rules of Order be available to student members with three of the basic courses being most appropriate, from this site: <https://www.parliamentarians.org/services/learning-opportunities/web-based-courses/>. These courses are optional; they are not required for service on the AAC. The College will fund one course per student AAC member annually from these courses: Fun with Parliamentary Procedure, or What to Say and When, or Minutes Made Easy. Please contact the College Coordinator for Academic Initiatives if you wish to enroll in one of the webinars for the next academic year (2019-2020).

CIM Form option that subcommittees should be aware of - per Associate Registrar Brad Balsler:

- A prerequisite is a course that must be successfully completed prior to registering for the listed course.
- A co-requisite is a course that must be taken at the same time as another course.

- *A concurrent prerequisite (may have heard me refer to it as just "concurrency") is a course that may be taken prior to or concurrently with the course requiring it.

* Since the CIM form does not have a concurrency field on it, we ask that you list any concurrent prerequisites in the Prerequisite field and in parentheses state that the course "may be taken at the same time".
