

Department of Biology

Spring 2017 - Seminar Schedule

Thursdays at 4:00 pm in the Science Center Auditorium (SC 114)

January 26	<p>Megan Rúa, Ph.D. Rúa Microbial Community Ecology Lab Biological Sciences Wright State University Dayton, Ohio <i>Host: Chelsea Prather, Ph.D.</i></p>	<p><i>"Mycorrhizal Mayhem: Explorations of the Ecology and Evolution Describing Mycobiome"</i></p>
February 23	<p>Fred Tenover, Ph.D. 2016 Distinguished UD Alumnus Award Recipient Cepheid, Stanford University Sunnyvale, CA <i>Host: Advancement, University of Dayton</i></p>	<p><i>"Will antibiotics still be effective against infectious diseases in the future?"</i></p>
March 9	<p>Video Parody - cancelled</p>	
March 23	<p>David R Angelini, Ph.D. Department of Biology Colby College Waterville, Maine <i>Host: Thomas Williams, Ph.D.</i></p>	<p><i>"Life's many paths: Ecology, Evolution and Developmental Genetics in Polyphenism in True Bugs"</i></p>
March 30	<p>Kirk Winemiller, Ph.D. Professor of Wildlife and Fisheries Sciences and Program of Ecology and Evolutionary Biology Texas A&M University <i>Host: Kelly Williams, Ph.D.</i></p>	<p><i>"Functional traits, convergent evolution and a periodic table of niches"</i></p>
April 6	<p>Reed Noss Provost's Distinguished Research Professor, Pegasus Professor, and Davis-Shine Professor of Conservation Biology, President of the Florida Institute for Conservation Science. University of Central Florida <i>Host: Ryan McEwan, Ph.D.</i></p>	<p><i>"Competing Values of Modern Conservation: Can They be Reconciled?"</i></p>
April 20	<p>Shaad M Ahmad, Ph.D. Assistant Professor, Department of Biology The Center for Genomic Advocacy Indiana State University <i>Host: Amit Singh</i></p>	<p><i>"Genetic, Genomic and Computational Analyses of Cardiogenesis in Drosophila"</i></p>
April 27	<p>Igor Elman, M.D. Department of Psychiatry Wright State University <i>Host: College of Arts and Sciences</i></p>	<p><i>"Opiate Additions"</i></p>

Those coming from off-campus are advised to check with the Biology Department to confirm the presentation (937-229-2521). Students are welcome to attend.
