## SUMMER STUDY ABROAD PROGRAM

Immerse yourself in Peruvian culture and Spanish language! Students will spend a week in Lima on the central coast of Peru, where they can enjoy beautiful beaches, landscapes, parks, and the central market, before moving to Cusco, the capital of the Incan empire, where they can tour the Plaza de Armas (the historic city center), La Catedral, la Iglesia de San Francisco, and the Temple of the Sun (Coricancha). This program combines intensive language and conversation courses with cultural activities and weekend excursions to Machu Picchu and Lake Titicaca. Students attend language classes during the day and live with Peruvian host families to experience total immersion in the language and culture.
