

Tenure track position in operations research

The Department of Mathematics at the University of Dayton seeks applicants with skills and expertise in operations research for a tenure track position in mathematics at the assistant professor level starting August 16, 2017. The position supports the research agenda of the Mathematics Department by engaging in scholarly research in an area of operations research. Responsibilities include teaching three courses per semester, two of which will usually be service courses populated primarily by non-majors.

Required qualifications: PhD in mathematics anticipated by July 1, 2017. Applicants must have the potential to become an effective teacher of a wide range of mathematics courses, an active and ongoing research in some area of mathematics associated with operations research and an interest in teaching and advising students from diverse backgrounds.

Application Process

For a complete list of qualifications and to submit your application, please go to <http://jobs.udayton.edu/postings/21339>. A complete application consists of a cover letter, CV, three letters of recommendation, a statement of research agenda, a statement of teaching philosophy and an unofficial graduate school transcript. Teaching abilities must be addressed in at least one letter, and research abilities must be addressed in at least one letter. Applicants whose PhD has not been conferred at the time of application must submit a statement from the PhD advisor indicating progress toward the PhD. All materials must be received by December 1, 2016.

More information about the University of Dayton and our department can be found at <http://go.udayton.edu/math>.

The University of Dayton, founded in 1850 by the Society of Mary, is a Top Ten Catholic Research university. The University seeks outstanding, diverse faculty and staff who value its mission and share its commitment to academic excellence in teaching, research and artistic creativity, the development of the whole person, and leadership and service in the local and global community.

To attain its Catholic and Marianist mission, the University is committed to the principles of diversity, inclusion and affirmative action and to equal opportunity policies and practices. As an Affirmative Action and Equal Opportunity Employer we will not discriminate against minorities, females, protected veterans, individuals with disabilities, or on the basis of sexual orientation or gender identity.
