

Job Shadow Information: for students shadowing Physician Assistants

Premier Health offers opportunities to shadow with professionals in clinical and non-clinical areas. Job shadowing may help fulfill academic requirements when applying to a graduate program. Premier Health can offer students up to 20 hours of shadowing per calendar year. Use the *UD Student Job Shadow Schedule (PA)* to sign up for one of the opportunities to shadow a physician assistant. It is up to the student and Physician Assistant to agree upon a day and the length of the shadow (2 - 6 hours). Please note that the shadow is to take place during the week you signed up to shadow.

Refer to the “Job Shadow Orientation Booklet” for orientation and preparation for the shadow experience. Wear your student ID so that it is visible, business casual clothes and closed toe shoes unless preceptor provides other instructions. Be sure to consult the “About Profession Attire” pdf on the UD Premed programs web page under the Hospital Observation below link for full details.

As you sign up for the physician assistant job shadow experiences pay attention to the location. The locations include Good Samaritan Hospital, Miami Valley Hospital South and Upper Valley Medical Center. Refer to the links below for directions to a hospital or office.

- Atrium Medical Center (AMC) - <http://www.atriummedcenter.org/Locations/>
- Good Samaritan Hospital (GSH) - <http://www.goodsamdayton.org/Locations/>
- Miami Valley Hospital South(MVHS) - <http://www.miamivalleyhospital.org/Locations/>
- Upper Valley Medical Center (UVMC) - <http://www.uvmc.com/Locations/>

Preceptor Contact Information:

Remember to contact the Physician Assistant at least one week prior to the week you are requesting to shadow.

- Amy Frantz PA - Ortho/OR - Upper Valley Medical Center. ***Special Instructions. Students wanting to shadow with Amy must be able to arrive by 6:30 am or 7:30 am and be able to stay at least for the morning, if not all day. Amy is usually finished with work by 3 pm most days and at 5 pm on Thursday. She doesn't take students on the weekends or while she is on call. **Contact her by text at 937-423-4452.**
- Shawn Marhelski PA, Ortho/OR - Miami Valley Hospital South. Contact information: ssmarhelsk@PremierHealth.com or 937-312-1661
- Shani Walker PA, Cardiology - GSH) - Good Samaritan Hospital. Contact information: shani.yount@gmail.com or 937-829-8363

Cancellation Policy:

- If you are unable to attend due to illness, contact Dr. DeBeer, your preceptor and Yolanda Munguia at ymunguia@premierhealth.com as soon as possible.

Special Instructions for surgery observations:

- Eat breakfast prior to going into the Operating Room. **No exceptions.**
- Please do not wear any scented lotions, perfume, cologne or hair products
- Please do not wear excessive or bulky jewelry
- Wear your student ID so it is visible. You will likely need a lanyard to hold your student ID.
- Change into scrubs provided by the facility and wear comfortable shoes (no sandals or open toed shoes)
- Please speak immediately if you begin to feel ill or different than normal in any way while in the operating room.

Parking:

- The cost to park at Good Samaritan Hospital or Miami Valley Hospital is \$3.

Tips for success:

- Be sure to dress in compliance with the information in the “Job Shadow Orientation Booklet”.
- It is important that you eat a substantial breakfast or lunch and have had plenty of fluids as you may be standing for a long time or garbed in surgical apparel which could cause you to become overheated.
- If you begin to feel unwell at any time, sit down immediately and notify your preceptor. If the only place to sit, is on the floor, then sit on the floor until you feel better.
- Communicate any feedback to Yolanda & Dr. DeBeer so that your clinical experience can be meaningful.
- Remember that this is an observation experience only. Do not provide any hands-on care to patients.
- A patient’s needs always come first. Be mindful when asking questions. You may want to wait until the patient has departed before asking questions.
- Patients may decline having you in the room when they are being examined or if a procedure is being done. If this happens to you, politely excuse yourself and wait where your preceptor tells you to.
- Wash your hands before and after exiting a patient room.

Student Observation goals:

- To observe the cardiology physician assistant assessing, interpreting diagnostic and laboratory testing, diagnosing and prescribing, collaborating with others on the care of the patient with cardiology issues.
- To observe the orthopedic physician assistant taking the medical and surgical history, ordering and interpreting tests, assisting with wound care and in surgery, administering anesthetics, creating treatment plans, monitoring patient progress, and collaborating with others in the care of the patient with orthopedic issues.
