## UD Medical/Dental Brigade Serves in Panama

Participants in the January 2013 Brigade to Panama include Abigail Amrine, Gibson Brailer, Michelle Bushroe, Leigh Carr, Stephanie Emery, Lauren Farrell, Kyle Finn, Colleen Grassley, Kevin Konstant, Mary List, Marie McDaniel, Meghan McGrath, Lauren Parr, Connor Peck, Taylor Piatowski, Elizabeth Rasmussen, Christina Sanchez, Jacqueline Severt, Brian Skura, Mary-Katherine Slattery, Hahna Tissandier, Drake Wakefield, Casey Walk, Mollie Walton, Courtney Willie, Tim Cutler, Matt Haley, Alex Luby, Ben Miller, Brooke Scollin, Austin Stefan, Gerald Stefan DDS, Patrick Sullivan, Peter Sullivan DDS, Brigid Walsh, Lexie Wiegel, William Young, and Annette Chavez, MD

## Happy New Year from the Premedical Programs Office

We hope you all had an enjoyable and relaxing break and have come back to school ready to experience a great spring semester at UD. Welcome back to our medical/dental brigade who traveled to Panama for six days.

Check out the information about our upcoming UD/MVH Health Care Symposium. Please take a few minutes to complete the online survey and let us know what topics you're interested in.

It's time to start thinking about the summer and there are some great opportunities listed this month.

Attention All Juniors!! If you plan to apply to health professional school in 2013, you must attend one of the Application Workshops!

Scholarships are available for current 2nd and 3rd year students. Don't miss out on the opportunity to get some help with your educational expenses.

Stay warm and have a great semester!

## Spring Term Calendar

January	
29, 30	Professional School Application Process Workshops SC Auditorium, SC 114, 5 pm
31	Everhard, Michaelis and Szabo Scholarship app available online
February	
1	Application Deadline R.O.S.E. Program 5:00 pm
4	Last day to drop classes without a record
27	Mid-Term Break begins after last class
March	
4	Everhard, Michaelis and Szabo Scholarship applications due
4	Classes resume at 8 am
8	Request for Evaluation due.
27	Easter Recess begins after last class
April	
1	Easter Monday – no day classes – classes resume at 4:30 pm
3	Last day to drop classes with record of W
17	Bro. Joseph W. Stander Symposium – Alternate Day of Learning
18	Professional School Application Process Workshop – Preparing for Summer, SC Auditorium, SC 114, 5:00 pm
26	Last day of classes
27, 28	Study days
29	Final exams begin

## Application Workshops

The Premedical Programs Office will conduct two workshops that will detail the process for prospective health professional school candidates. If your goal is to submit an application during the year 2013, you must attend ONE of these workshops. The content of each will be the same; students should attend the workshop that best fits their schedule. Students interested in any health care professional school can benefit from this workshop. We will describe how centralized services work and detail the services provided by the PPO.

The workshops will be held on January 29th and 30th at 5 pm in the Science Center Auditorium (SC 114).  
*NOTE: Pictures are required for all students using the services of the PPO. We will be at both meetings with a camera to take your picture. Be prepared.*

### Everhard, Szabo and Michaelis Scholarships

This term we will accept applications for a series of scholarships offered through the Premedical Programs Office. Electronic application forms will be available through the PPO website at [premed.udayton.edu](http://premed.udayton.edu) beginning January 31, 2013. To be eligible, the student must currently be in their second or third year (minimum of 45 credits hours achieved), have a premedical advisor and have a current registration with the PPO. The application deadline is March 4, 2013. Each scholarship is applied to the student's financial aid during the NEXT academic year.

**Everhard Scholarship:** This private scholarship was created by Eleanor S. Everhard in memory of her parents, Aaron and Ann Everhard. The original fund was established in 1933. The Everhard Scholarship is limited to one academic year only, and is not renewable. *The Everhard Trust stipulates preference must be given to female applicants.*

**Szabo Scholarship:** This scholarship was established through a gift from the estates of Dr. Stephen E. and June H. Szabo in 1999. Dr. Szabo graduated from UD in 1935 majoring in Pre-Dentistry. During his practice, which spanned over 50 years, he fought for all oral surgeons in and around the Dayton area to have privileges to operate in all hospitals.

**Michaelis Scholarship:** This scholarship was established through a gift from the estate of Dr. Carl I. Michaelis in 2001. Dr. Michaelis was a Professor of Chemistry whose teaching career began in 1954 at UD and spanned 36 years. In 1962, Michaelis instigated a switch from the local fraternity, Sigma Delta Pi, to the nationally recognized honor society, Alpha Epsilon Delta, and served as an advisor of the group until 1990.

## Summer Opportunities

### University of Toledo College of Medicine Summer Undergraduate Research Fellowship:

Application deadline is March 8, 2013. Opportunities for research in the areas of cardiovascular medicine, gerontology, neurology, HIV, endocrinology, orthopedic surgery, and pediatrics may be available. Underrepresented minority students, students from disadvantaged backgrounds and women are strongly encouraged to apply. For more information and the online application go to <http://www.utoledo.edu/med/md/admissions/srp.html>. Each accepted student will receive \$3,500 for a 10-week period of full-time research beginning June 3 - August 9, 2013.

### University of Pittsburgh Summer Premedical Academic Enrichment Program (SPAEP):

The University of Pittsburgh School of Medicine sponsors the Summer Premedical Academic Enrichment Program (SPAEP) Level I or II. This program, open to high school graduates and college students, is designed specifically to prepare and support students who wish to pursue careers in the field of medicine. Spend seven weeks in Level I, strengthening your academic skills and learning more about careers in medicine. Or, spend seven weeks immersed and engaged in the work of physician-scientists including laboratory research and MCAT preparation through Level II. Both programs will enhance your skills and knowledge in science, writing and public speaking. All transportation, housing and meal costs are arranged by the program. Each participant receives a \$1000.00 stipend. For more information go to [http://www.medschool.pitt.edu/future/future\\_03\\_spaep.asp](http://www.medschool.pitt.edu/future/future_03_spaep.asp)

### Edward M. Chester, MD Summer Scholars Program:

The Edward M. Chester, MD, Summer Scholars Program awards 15 collegiate undergraduate students the opportunity to spend ten weeks over the summer in clinical laboratory research settings at MetroHealth Medical Center in Cleveland. There are opportunities for observation of surgery, hospital rounds, and other experiences at MetroHealth. Applicants must have completed their second year in the sciences and be a resident of Ohio or attend a university in Ohio. A stipend of \$2500 is provided but students are responsible for their own housing. The application deadline is Feb. 15, 2013. See <http://www.metrohealth.org/body.cfm?id=289&TopID=289> for more information.

### University of Cincinnati Summer Surgery and Summer Neuroscience Experiences:

The Summer Surgery Experience (SSE) and the Summer Neuroscience Experience (SNE) are each 10-day intensive immersion programs for academically talented undergraduate students who are interested in pursuing a career in medicine. These fast paced programs each include lab practica, operating room observations, shadowing with faculty, case studies, and presentations from University of Cincinnati College of Medicine faculty. Applications must be submitted by Feb 1, 2013, 5pm. See <http://med.uc.edu/SEP.aspx> for more information.

### Scribe Jobs Available Now

Get medical experience working with Emergency Room physicians at Dayton Children's Hospital. Experience the exciting dynamics of emergency medicine as a PhysAssist Scribe! Learn valuable terminology and procedures for your future career in the medical field! We work with your school schedule, and you get time off for medical school interviews! Scribes manage the physician's workflow as they see patients. They are responsible for filling out and maintaining patients' charts, ordering diagnostic tests, and arranging plans for follow-up care. This will provide them with the opportunity to watch the diagnostic process firsthand, all while working side-by-side the physician! Apply at [links.iamscribe.com/apply](http://links.iamscribe.com/apply) or visit the web page at [www.iamscribe.com](http://www.iamscribe.com) for more information. To be considered for an interview, send email to: [andrew.ferguson@iamscribe.com](mailto:andrew.ferguson@iamscribe.com) or call 817-496-1009!

## A Career in Pharmacy

As you think about health professions, have you considered a career in pharmacy? Would you like to learn about life in pharmacy school from a present Pharm.D. student and recent UD grad? Come and hear a presentation by Annah Kimani, currently a Pharm.D. student at The Ohio State University in the Science Center Auditorium on February 1 at 3 pm.
