

SEE MINOR SPRING 2013

SUSTAINABILITY ENERGY ENVIRONMENT

SEE 250 – Introduction to SEE

Tues. / Thurs. 1:30 – 2:45pm

Dr. Robert Brecha and Dr. Karen Abney Korn

A multidisciplinary introduction to Sustainability, Energy and the Environment (SEE) and to the SEE minor. Emphasis is on learning how to view complex issues from different disciplinary points of view, developing skills in critical thinking about current issues in sustainability, gaining an awareness of different ethical positions and how these influence the quest for solutions, introducing skills in reading current literature on sustainability, and learning how scientific and sociopolitical processes work to investigate and address sustainability issues.

ASI 320 H1 – Cities and Energy

Mon. / Wed. 3:00 – 4:15 pm

Dr. J. Heitmann, Dr. R. Potter , Dr. R. Brecha

An interdisciplinary examination of the influence of energy on the urban environment since the Industrial Revolution, how this relationship has affected every aspect of city life from literature to infrastructure, and prospects for the future of this relationship.

Counts towards the History Gen. Ed. requirements & the PGEI, and VTS clusters

SEE 402 H1 - Sustainability Research II

Tues. / Thurs. 12:00 – 1:15 pm

Dr. Dan Fouke and Dr. Sukh Sidhu

Part of a two course sequence on sustainable development; during the spring (second course) students will pursue projects relating to sustainability on the UD campus. Projects will be facilitated by a team of teachers, one from Philosophy and one from Engineering.

Counts towards the Philosophy Gen. Ed. requirements & the PGEI and VTS clusters
