

**1<sup>st</sup> Annual Great Miami River Summit**

**Purposes:**

- 1. For the University of Dayton to establish itself as an enlightened leader in the promotion and development of the Great Miami River corridor.**
- 2. For the MCD to express its commitment to facilitate a broader dialogue between Great Miami River interests.**
- 3. For riverfront cities to share plans for riverfront development and to explore opportunities to leverage individual projects into a collective power.**
- 4. For riverfront cities and their neighboring agricultural communities to discuss and explore their shared interests in successful cities and farmland preservation.**
- 5. For Great Miami River stakeholders to begin to develop a shared vision of the river as an economic driver and unifying force for the region.**

**Target Completion: February/March 2008**
