## LOCATION(S) AND EMPLOYER ADVICE

During the interview, come prepared to share why you want to work for the company you are interviewing with. Research should have been completed on the company and a 30-second to a minute elevator pitch should be prepared about themselves.

Students should dress business professional for all interviews. There were a couple students who interviewed for a leadership program who dressed business casual. If students are unsure how to dress, they should contact someone at the company. HR is a great resource!

All students did a great job even though they were a bit nervous. Regardless, they should talk about themselves. The question we ask, "Tell us about yourself....", It's an icebreaker question. It is supposed to be an easy opener but a lot of students do not know what to say.

- 20** Ohio
- 5** Nationwide
- 4** Illinois | Pennsylvania
- 2** California | Indiana | Massachusetts | Michigan
- 1** Alabama | Connecticut | Kentucky | New York | Texas

**SPECIFICALLY FOR ACCOUNTING MAJORS, BUT CAN GENERALLY APPLY TO OTHERS:**  
 Be open to interning/working for smaller companies, not just large accounting firms.  
 Be open to spring semester internships during tax season - they can sometimes offer a better experience than a summer internship.  
 Be open to working in the Dayton area and learning about the region surrounding UD.

## 2015 EMPLOYER ADVICE

I would suggest students get more hands-on extracurricular experience early on in their careers. Hands on experience doesn't have to be a job per se, but we want students with a passion for their field. So in IT for example, a personal portfolio of code they've written or personal projects like websites, mobile apps, or other work they've done.
