

## PROFESSIONAL DEVELOPMENT PROGRAMS

OCTOBER 8, 2015  
8:30 AM–4:30 PM

# LEADERSHIP IS EVERYONE'S BUSINESS

Today's – and tomorrow's – most successful companies are creatively adapting to unceasing change and uncertainty by encouraging leadership at every level of the organization. The new competitive requirements – quality, innovation, customer responsiveness and flexibility – demand an organization filled with people taking the lead in improving processes, collaborating on products and responding appropriately to ever-changing markets. Managers, while struggling to get better results with fewer people and resources, are realizing that full participation is not "good"; it is critical. Only the concerted and enthusiastic efforts of everyone will give us the edge we need. This is the challenge addressed by Leadership is Everyone's Business. In this program participants discover how they have shown leadership in the past to meet business and personal challenges, allowing them to gain the confidence and skill to increase their use of the Five Practices of Exemplary Leaders on the job.

## THIS PROGRAM WILL HELP LEADERS:

- Recognize how leadership is key to your ability to succeed in challenging situations.
- Identify your leadership strengths and areas for improvement.
- Understand and implement the five practices of exemplary leaders.

**Steve Coats**

*Steve Coats is one of the leading authorities on the five practices of exemplary leadership, and he has taught, coached and consulted with executives and managers in several countries around the world. Coats focuses his work on leadership and team development, personal growth, change and business strategy. He also has extensive development experience with renowned programs such as Stephen Covey's principle-centered leadership and a number of client-specific customized programs. Coats has published several articles, as well as co-authoring the book, There is No Box (Executive Excellence Publishing, 2007, 2011). Coats received an M.B.A. from North Texas University and completed an executive program in technology and innovation at the Wharton School.*
