

# EXPLORERS WANTED

UNIVERSITY OF DAYTON CHINA INSTITUTE  
代顿大学中国研究院

Expand your horizons eastward. Flyers fly everywhere, including China. Whether you're in Dayton or 7,000 miles away, the learning is uniquely UD.

**IT'S TIME FOR A SEMESTER IN THE EAST.**

**SPRING 2016 PROGRAM**

# EDUCATION WITHOUT BORDERS.

We live and work in a world without borders, and employers are looking for global leaders. The University of Dayton wants to help you gain a global experience – and an edge in the workplace.

That's why, as a **current UD student**, you can study for a semester at the China Institute at the **same cost** as one on-campus semester at UD – and you stay on track for graduation. The cost of a semester at the China Institute includes your international airfare, visa, prearranged housing and tours of a few of China's most spectacular sites. Plus, you can use your scholarship and grants just like you would at UD.

# MAKE THE WORLD YOUR CLASSROOM.

## LEARNING DOESN'T JUST HAPPEN IN THE CLASSROOM

# GET GLOBAL WITH YOUR EDUCATION.

The China Institute is just **75 miles from Shanghai in the ultramodern higher education district of Suzhou Industrial Park (SIP)**, an internationally competitive, 111-square-mile high-tech research and education park nestled in a modern urban development next to Jinji Lake.

Home to 25 universities from around the world and **a third of the world's Fortune 500 companies**, SIP is a center of innovation and opportunity like no other. As part of the learning experience, you'll interact and conduct hands-on projects with corporations like Emerson Climate Technologies, GE Aviation, Lilly Pharmaceutical, Marian and Delphi Electronics —to name just a few. These firms visit the China Institute and invite our students to their own offices — giving you an insider's look at business in China.

In addition to learning about and working with businesses, guest speakers from multinational companies and professors from UD's partner universities provide Chinese culture and society seminars on topics ranging from best business practices to appreciating the music and arts. You'll also spend time exploring the cultures of Shanghai, Suzhou, Nanjing, Beijing and other locations.
