Attendance

We encourage you to attend all seminars and activities for which you have registered.

Our moderators volunteer their time so it is important for them to know it is valued and appreciated.

- If you are registered for seminars and circumstances prevent you from attending seminars before the session begins or after the session has started, please call Special Programs and Continuing Education at 937-229-2347 to cancel your seminar registration.
- An early cancellation helps another member attend a seminar that has been closed out.
- Do not attend a seminar for which you have not registered, because some seminars have class limits or recommended text readings or materials.
