Attendance

You are encouraged to attend all seminars and activities for which you have registered. Good class attendance is important in securing all moderators (new and repeat). Moderators volunteer their time – no honorarium is given for their participation.

- If you are registered for seminars and circumstances prevent you from attending seminars before the session begins or after the session has started, please call special programs and continuing education at 937-229-2347 to cancel your seminar registration.
- An early cancellation helps another member attend a seminar that has been closed out.
- Do not attend a seminar for which you have not registered, because some seminars have class limits or require text readings or materials.
