Celebrating 24 Years of Lifelong Learning!
“And so with the sunshine and the great bursts of leaves growing on the trees, just as things grow in fast movies, I had that familiar conviction that life was beginning over again with the summer.”

— F. Scott Fitzgerald

Summer can be the perfect time for personal reinvention, for giving yourself the permission to make the time to learn something special. I hope you will do just this by participating in the University of Dayton Osher Lifelong Learning Institute Summer Program. We’ve planned our program with you in mind, adding some exciting new opportunities to our traditional summer schedule. We have our two one-day, theme based programs May 9 and June 13. New this year you’ll find campus-based seminars during the last three weeks of June as well as one online seminar. Also new this year is our Lunch and Learn series featuring presentations by Rick Krysiak, VP for UD Facilities Management and Planning, Ambassador Tony Hall, founder of the Hall Hunger Initiative in Dayton and Eric Spina, University of Dayton president. The $80 registration fee for summer entitles you to select as many of these opportunities as you wish, with continental breakfast and lunch included on May 9 and June 13, as well as a box lunch for the Lunch and Learn presentations June 27, July 9 and August 7.

I am looking forward to seeing you this summer!

The Osher Lifelong Learning Institute (UDOLLI) began 24 years ago as the University of Dayton Institute for Learning in Retirement or UDILR. Since 2004, we have been proud members of the Osher Lifelong Learning Network, a group of more than 100 institutes across the country dedicated to meeting the needs of adult learners over 50 years of age who wish to gather for the joy of learning and personal fulfillment.

**OUR MISSION STATEMENT**

The purpose of the Osher Lifelong Learning Institute at the University of Dayton is to offer adults 50 years or better a wide variety of seminars based on the peer-learning concept and designed to be intellectually stimulating in an informal and noncompetitive environment.

**We are a vibrant community**

We are adults with wide-ranging interests in art, current events, health and fitness, history, literature, music, religion and science. A curriculum committee works with the Executive Director of Special Programs and Continuing Education to select our curriculum on the basis of member requests, the expertise of moderators, variety and balance. Moderators include University of Dayton (UD) professors and community professionals who lead peer-to-peer informal lecture and discussion seminars that typically meet once a week for two hours, for four to eight weeks. The summer program consists of two one-day sessions, three lunch-and-learn presentations, five seminars, one being offered online.

**Our seminars are noncredit**

There are neither tests nor grades, nor educational requirements. Participation is essential, ranging from keeping up with assigned readings and contributing to seminar discussion to sharing the results of one’s own research. A majority of the seminars are held in the 1700 South Patterson Building; others are on the UD main campus with a few at off-site locations, such as the Boonshoft Museum of Discovery. The map on pages 12-13 identifies the location of Daniel J. Curran Place and other UD buildings.

**UDOLLI is a cooperative venture**

We rely on the contributions and participation, both in seminars and out, of each member. Members assist the Executive Director of Special Programs and Continuing Education by moderating seminars, coordinating lecture series, leading small group discussions, organizing activities and volunteer projects, serving on the board of advisors and committees, acting as seminar liaisons, helping in the office and volunteering for all other tasks that keep us going.

**Becoming a member of UDOLLI is easy**

Registering for seminars is simple and convenient. Page 16 gives complete registration information and procedures. Once you register for a seminar, you automatically become a UDOLLI participating member for the current academic year. The term of membership conforms to the academic calendar, beginning in September and ending in June.

Friends of the Institute are individuals who donate $80 or more each year to support UDOLLI’s goals; Life Members are individuals making a one-time donation of $2,000 or more; and Distinguished Service Life Members are individuals giving UDOLLI extraordinary service. Life and Distinguished Members may attend seminars at no cost.
We are part of the University of Dayton’s Office of Special Programs and Continuing Education, which is directed by Julie Mitchell and sponsors lifelong learning programs and professional development. Founded in 1994 as the University of Dayton Institute for Learning in Retirement, we have grown from the original 98 members to more than 2,000 members.

NEW HORIZONS MUSIC

Learn to play music in a band as a senior adult — even if you have no musical experience! Playing music is a special joy that will help you maintain mental and physical health. It is also a way of experiencing life — playing music from the past keeps us in touch with those feelings; daily practice keeps us active in the present; and striving for new goals attaches us to the future. One band member describes it as “serious fun.”

As a member of New Horizons Music, you will meet new friends and work with them as a team to learn music for concerts and other performances in the community. New Horizons ensembles typically perform many times each year in venues ranging from formal concerts to shopping malls and from parks to retirement and nursing homes.

UD New Horizons Music offers adults 50 years of age or better the opportunity to begin a musical instrument and provides a re-entry point for those who have been away from active music making for many years. Instruments taught include: flute, oboe, bassoon, clarinet, saxophone, trumpet, French horn, trombone, baritone, tuba and percussion.

1. What Is This?
The UDOLLI Connecting Generations & Cultures (CGC) program connects UDOLLI to the Dayton area community utilizing our vibrant, highly educated, experienced, and talented members. Connecting Generations & Cultures is a Talent Bank & Clearing House program for community organizations. We put your talents to work by connecting you to organizations to help carry out their mission. As members of our program, many of you are ready and anxious to share your decades of knowledge, experience and wisdom with those who can benefit.

2. Connecting Criteria
The CGC program has been reaching out to various community groups, and many have reached out to us. We connect to organizations that meet any one of these criteria: is it educational, cultural, civic, social, governmental, inter-generational? Can our members and the organization’s members contribute to and benefit from the connection experience? As opportunities come along we promote them to UDOLLI members. Check out our connected organizations to the right. Let us know of any organizations you feel would make a good connection with our program.*

*NOTE: A recommendation is no guarantee we will make a connection. We carefully review every idea to ensure it fits within UDOLLI’s mission and the objectives of the Connecting Generations & Cultures program. Our Executive Director makes all final decisions. All UDOLLI members involved with any Connecting Generations & Cultures program must understand and accept that they represent the Osher Lifelong Learning Institute at the University of Dayton and must adhere to all rules and regulations that may apply to the University and our program.

3. Connecting You
Here’s how we get you connected. We communicate an organization’s needs in a variety of ways: email, newsletter, seminar announcements, special presentations and promotional flyers. You’ll learn about the organization, decide if you’re interested and then you reach out to the organization’s contact directly. You are then on your way to a new adventure.

Your connection could be for a single project or an ongoing program. For example, you could share your ideas during a creative planning session or work with the organization on a regular basis to carry on their mission. There may be several of your fellow UDOLLI members involved in the same activity, or it might be just you. Whatever project or organization you get involved with, you will meet new friends and perhaps build life-long relationships. You may even find that a connection can be life changing. You may be a senior, but you’re not done yet! You can share your years of experience and wisdom to make our community a better place.

4. Our Connected Partners
The following list includes all organizations to-date we have connected with since the inception of CGC in 2013. With some of our connections our members have been deeply involved working on a variety of projects, while with others we are just getting started in making deeper connections. The connection may currently be active or inactive. Our members have contributed their expertise in a variety of ways: teaching, mentoring, donating, facilitating deliberation discussions, and facilitating creative and strategic planning sessions.
