WHAT IS chalk & wire?

In many classes, you will be required to submit a program assignment to be assessed by your instructor in Chalk & Wire. Also, the clinical educator for your field experiences will be assessing your work using Chalk & Wire.

Using Chalk & Wire, you and your instructor identify your level of learning in program knowledge and skill areas, and you can track your progress across all classes in your program.

Also, your work will be maintained in Chalk & Wire and can be downloaded as a complete HTML website or PDF to demonstrate your capabilities and competence to future employers.

Account PURCHASE

A Chalk & Wire account is required for this course, and can be purchased only at the University of Dayton bookstore (www.udayton.edu/bookstore). Book scholarships apply.

Account Type	Cost
1-year	\$49
2-year	\$80
3-year	\$91
4+1-year	\$102
Expired Accounts: 1-year Renewal	\$49

All Teacher Education licensure programs require an active account through the student teaching semester.

Single Account

You will need to purchase only one Chalk & Wire account, even if Chalk & Wire is required for more than one class.

If your Chalk & Wire account is expired, please purchase a Renewal code from the bookstore, and not a new account.

Returns

To request a refund of your Chalk & Wire purchase, return the un-opened account packet to the bookstore with your receipt. Once an activation packet is opened, no refunds can be issued.

Getting Help

For questions about your Chalk & Wire account contact:

Ms. Diann Stern

OFFICE OF ACCREDITATION
dstern1@udayton.edu

Ms. Janice Berkshire

DEPT OF TEACHER EDUCATION
jberkshire1@udayton.edu

For questions about using Chalk & Wire, contact your instructor.

Account ACTIVATION

Activation instructions are provided in the packet purchased at the bookstore. ***You must activate your account in advance of the assignment due date.***

After you activate your account, a welcome email will be sent from EP@chalkandwire.com with your account information and the link to the University of Dayton Chalk & Wire site. You should bookmark the Chalk & Wire link, or ***save this email:***
