

## WORKSHOP CREDIT VERIFICATION LETTER

To Whom It May Concern:

This statement is to serve as a clarification and verification of the term “workshop credit” awarded by the University of Dayton School of Education and Health Sciences.

All professional development workshops offered through the School of Education and Health Sciences are awarded non-graded graduate workshop credit. The credit or “CR” is considered equal to or better than the letter grade of “B”. The “CR” appears on official university transcripts after workshop requirements have been fulfilled.
