

<b>The University of Dayton Dayton, OH</b>	<b>Authorization to Release Student Information</b>
--	---

Federal legislation prohibits University of Dayton officials from providing information about academic records of students who are 18 years of age or older. In many instances, parents and potential employers call or write inquiring about a student's academic progress or standing. In order to respond to inquires, a signed statement authorizing the release of this information must be in the student's file.

If you wish to authorize the University of Dayton to release information to parents, employers, or others, please complete the following.
