

ISO 9001:2015 Update What does it mean to you and your QMS?

COURSE LEADER

George Hummel is Senior Lead Consultant and Auditor at the Center for Competitive Change. He is an elected member of the US Technical Advisory Group (TAG) to ISO/TC 176 and the US ISO 9001 Interpretations Team. As a member of US TAG to ISO/TC 176, he is part of the team that develops the ISO 9001 family of standards.

George is also the Certification Manager for Global Certification-USA's Dayton office. George is a Lead Assessor for ISO 9001, ISO 13485, ISO 14001, ISO17025, ISO 18001 and GMA-SAFE.

PROGRAM OVERVIEW

The ISO 9001:2015 DS has been approved. The publication of the document will have a significant impact on the structure of Quality Management System and each additional Management Standard published in the future.

Quality Systems Managers – both novice and seasoned – will benefit from this workshop. This course is also designed for internal auditors and anyone in management that needs to keep abreast of the changes to ensure a smooth transition to ISO 9001:2015.

This interactive workshop involves hands-on breakout sessions, taught by an ISO/TC 176 committee member charged with writing the ISO 9001 series of standards. We are going straight to the source.

This workshop contains the latest information on ISO 9001:2015 which signifies the first time all current and future users can access and review the proposed changes to ISO 9001. This course is in high-demand, so early registration is encouraged to secure your seat.

COURSE OBJECTIVES

- Understand how Annex SL is going to shape ISO Standards published in the future
- Learn additional requirements defined in ISO 9001:2015
- Learn about the transition period and process

WHO SHOULD ATTEND?

- Anyone involved in preparing for the forthcoming changes to ISO 9001:2015
- Anyone who is currently ISO 9001:2008 certified and/or needs to become ISO 9001:2015 certified
- Anyone who needs to understand how to implement the proposed changes.
