

UNIVERSITY OF DAYTON WOMEN IN ENGINEERING SUMMER CAMP 2016
CAMP TUITION SCHOLARSHIP APPLICATION – Deadline to apply for scholarship is MAY 1.

Limited space available in camp (90 participants). Although the registration deadline is **June 1**, if camp is filled to capacity *before* June 1, registration will be closed. Generally, a minimum of 10 camp spots are reserved for the purpose of awarding camp scholarships. Decisions on scholarships are not usually made until **AFTER MAY 1**. However, if camp registrations reach 80 campers before **May 1**, then scholarship decisions will be made to fill the remaining 10 spots in camp. Dependent upon funding and additional room in camp, it is possible for more than 10 campers to benefit from scholarships. **Applying for a scholarship does not guarantee a reserved spot in camp.**

Scholarship process:

A reserved spot in camp is obtained by registering for camp and paying the tuition fee. You either register for camp by ❶ filling out and submitting the camp registration form with the \$665 tuition fee; OR ❷ use this form to apply for a scholarship to attend camp. The camp does not reimburse camp tuition fees. In other words, you cannot pay the tuition fee to reserve a spot in camp and then apply for a scholarship.

INCOMPLETE APPLICATIONS WILL NOT BE CONSIDERED. It is up to the applicant to make sure that all items required have been submitted.

Once notified that a scholarship has been awarded, scholarship awardees, *except for full camp scholarship awardees*, are required to pay a \$50 deposit to confirm scholarship and commitment to attend camp by **June 1**. The \$50 deposit will be applied to the remainder of monies due, according to amount of scholarship awarded, by **June 17**. Cancellations made on or *before June 17* are refundable, minus a \$50 processing fee. *After June 17*, all deposits and monies are non-refundable.

Scholarships are awarded according to the following guidelines:

1. GPA (must have at least 2.5 GPA to be awarded a scholarship)
2. Demonstrated academic performance in mathematics and science
3. Date of receipt
4. Desire to participate – personal statement (1-3 paragraphs) on why you want to attend camp – attach separate sheet of paper
5. Letter of recommendation from a math or science teacher
6. Financial need
7. Transportation or travel considerations – i.e., traveling from out-of-state

Required items to be considered for scholarship:

1. *Completed* Camper Information Sheet
2. Personal Statement
3. *Completed* High School Guidance Counselor Sheet
4. High school transcript accompanied by high school guidance counselor sheet
5. Letter of Recommendation from a math or science teacher

Fill out your part of the application and submit with your personal statement to your high school guidance counselor. The letter of recommendation from your math or science teacher should also be submitted to your high school guidance counselor so the entire scholarship application packet can be mailed to us by your high school guidance counselor to:
