**NOTES -**

- A small number of 1st time, full-time undergraduate students (20) entered with enough credits earned during high school to place in the sophomore class, but are counted as part of the 1st year class for this report.
- For the purposes of this report, each student is counted only once. Students with more than one major/academic program are counted with their primary program.
- Fractional hours are rounded to the nearest whole number. Credit hours include EM Credit and audit hours.
- An undetermined number of out-of-town students give Dayton as their permanent address.
- Students in the Bangalore India Program and UD China Institute are included in the above record, but are not reported to the NCES/IPEDS

**NOTES -**

- For the purposes of this report, each student is counted only once. Students with more than one major/academic program are counted with their primary program
- Students counted under '0' Credit Hours are maintaining UD registration, taking no courses or auditing courses. While students generally must be considered full-time students to be eligible for Co-op and Study Abroad programs, they do not pay full time tuition to UD and are therefore counted as part-time students.
- Fractional hours are rounded to the nearest whole number. Credit hours include EM Credit and audit hours
- An undetermined number of out-of-town students give Dayton as their permanent address.

**Notes -**

- For the purposes of this report, each student is counted only once. Students with more than one major/academic program are counted with their primary program
- The 7 JD students registered for fewer than 12 credit hours are considered part time students.
- An undetermined number of out-of-town students give Dayton as their permanent address.

**NOTES -**

- Beginning with Fall 2013, census date was moved to one week following the last day to drop without record.
- For the purposes of this report, each student is counted only once. Students with more than one major/academic program are counted with their primary program.
- Fractional hours are rounded to the nearest whole number. Credit hours include EM Credit and audit hours.
- An undetermined number of out-of-town students give Dayton as their permanent address.

## History of All Undergraduate Majors Declared

The total "Majors Declared" is NOT an unduplicated headcount. Students with more than one major are counted with each declared major.

### NOTES:

All above data reflect only students registered for courses during a given term, not those working on continuing (P) courses or theses.

<sup>1</sup> As a result of the Banner Student System implementation, all Accounting/MBA students counted at the Graduate Student level beginning Fall 2010

<sup>2</sup> Physician Assistant - new program beginning Fall 2014

## History of Registered Graduate Students - Fall Terms

This report is an unduplicated headcount of full and part time students. A very small number of graduate students are registered for more than one program. For the purposes of this report, each student is counted with his/her 1st Major only.

# Comparative Statistics on Average Section Size

## Assumptions:

A section is counted if enrollment is 5 or more with the following exceptions -

- a section is not counted if it is of a type that does not require regular class meetings with an instructor, i.e., Practicum, Internship, Independent Study, Seminar, Workshop, Student Teaching, Co-op Work Experience, Lab Work Experience, Field Experience
- in the departments of Music and Health and Sport Science, only the sections of lecture courses and the students enrolled in them were counted
- if there are no classes with >=5 students in a department, then the section count for the entire department is 1
- when a course is offered both for graduate and undergraduate SCH (joint) then it is counted as .5 sections in each
- if a section is not for credit, neither the section nor the students is counted

### NOTES:

For Entered First Year Students - count is taken as of the census date. Includes only full-time first year new students enrolled in undergraduate credit-bearing courses (conditionally admitted international students enrolled only in IEP courses during their first term at UD are omitted from the cohort. This cohort is used for each consecutive year of this study. Retention is defined as being registered for a fall term as of the census date. This includes students registered as part-time or as co-op students working away from U.D. for a term. There may be exceptional situations of students who are not counted, but are "stopouts". However, it is believed that these are few in number.

#### Comparative national data for private institutions from the ACT 2016 Institutional Data File is as follows

(selective admission described as ACT Score Range 21-26, SAT Score Range 1470-1770, majority admitted from top 25% of HS class):

First year to second year attrition (Fall 2014 to Fall 2015):

ACT: Selective admission Ph.D. granting - 16.1% (83.9% retention)

Graduation rates (6 year - students entering in Fall 2009):

ACT: Selective admission Ph.D. granting - 67.6%

#### Comparative national data for public institutions is as follows:

First year to second year attrition (Fall 2014 to Fall 2015):

ACT: Selective admission Ph.D. granting - 17.1% (82.9% retention)

Graduation rates (6 year - students entering in Fall 2009):
