

## *Community Conversations*

Community Conversation is a new program offered by the Office of Human Resources. The program began for two reasons:

1. The Campus Climate survey of 2009 revealed that employees desired more communication from senior leadership and
2. The Professional Office Personnel (POP) organization disbanded and it seemed that there was no vehicle to communicate with non exempt staff.

Human Resources will invite 15 staff employees (selected on a random basis) to a monthly meeting during the academic calendar year for a group discussion and a chance to network with other employees across campus. Joyce Carter will update the employees on current changes happening across campus and allow employees to ask questions and share information.
