GROUP LONG TERM CARE INSURANCE PROGRAM Underwritten by Genworth Life Insurance Company

Your Group Long Term Care Insurance Program

University of Dayton benefits include Group Long Term Care Insurance for newly hired employees. Under the University of Dayton Group Long Term Care Insurance Program, coverage to help pay for long term care may be more affordable than you think.

The need

Long term care insurance enhances University of Dayton benefit offerings by meeting a largely unrecognized need many of us may have. It pays for covered expenses for long term care services whether they are received at home, in the community or in a nursing facility. Here are a few points to consider:

- These expenses aren't covered by either disability or health insurance.
- Relying on government programs may not be a viable solution.
- Without insurance, the costs of these services may have to come out of our savings.

The cost

Today, a private room in a Ohio nursing facility averages \$85,775¹ a year and costs are rising. Since a typical stay can average three years², a long term care situation could cost almost \$257,325.

The opportunity

As a newly hired employee you have the opportunity to get coverage, with streamlined medical underwriting depending on your age and the plan you choose, during the first 30 days after you become benefit eligible.

Two-thirds of us will likely need some kind of long term care as we get older.³

Benefit Eligibility, Limitations and Exclusions

To understand the benefits and features available to you under this Program go to www.genworth.com/grouppltc (Group ID **dayton** and Access code **grouppltc**) or call 800.416.3624. The limitations and exclusions that apply to this coverage are listed below.

Eligibility for Benefits: Your Group Program can reimburse you, up to your plan limits, for the costs of covered long term care services. You qualify for reimbursement when you need assistance with 2 or more everyday activities which include bathing, continence, dressing, eating, toileting, and transferring out of a bed, chair or wheelchair, and the need is expected to last for at least 90 days; or when you need substantial supervision due to a cognitive impairment, such as Alzheimer's disease. A licensed health care professional must confirm your condition. The services must be part of your plan of care from a licensed health care professional.

Limitations and Exclusions: As with any insurance program, certain limitations apply. Charges that are not covered include those for services: • for which no charge is made • received outside of the United States • provided by your immediate family except as covered under the Informal Care benefit • for which benefits are payable by a Worker's Compensation or occupational disease act or law • provided by a Veteran's Administration or other federal government facility, unless a valid charge is made. Charges are also not covered if they are for services that are required because of: • war or an act of war • attempted suicide or self-inflicted injury • your participation in a felony, riot or insurrection • service in the armed forces or units auxiliary thereto • alcoholism or drug addiction.

Pre-Existing Conditions Limitation: Covered expenses incurred for any care or confinement that is a result of a pre-existing condition when the care or confinement begins within six months following your initial certificate effective date will not be covered. A pre-existing condition means a condition (illness, disease, injury or symptom) for which medical advice or treatment was recommended by, or received from, a health care professional within six months prior to your initial certificate effective date.

Other Limitations on Benefits: Benefits under the Program coordinate with other long term care insurance meaning that the sum of all benefits you receive will not exceed the actual charges. And, benefits will not duplicate benefits received under another insurance program such as: • Medicare • any state or federal worker's compensation, employer's liability, or occupational disease law • any other federal, state or government health care or long term care program or law except Medicaid .

This is a summary of the limitations and exclusions. State variations may apply to these exclusions and limitations. The specific language may vary or change the impact of the exclusion. For example, in Oklahoma, the war exclusion is qualified. Check your Outline of Coverage for complete details and any state variations that apply.
