

Sign up for the Flyer Faithful Savings Program with DP&L Energy

The University of Dayton is pleased to announce a special discounted electricity offer to our supporters who live in Ohio and can choose their electric supplier. This program is available exclusively through our partnership with DP&L Energy.

The Flyer Faithful Savings Program can help you save money over the standard utility offer for your home electric costs while you help support the University's energy management and sustainability projects. **For each new enrollment, DP&L Energy will make a contribution to the University to help purchase energy efficient equipment and to increase the sustainability of our campus.**

This offer is only available to Ohio residents who can choose their electric suppliers. Anyone who lives in a municipality or cooperative that supplies their own electricity will not be able to choose this option.

Signing up is quick and easy. Just grab your electric bill and **go to dplenergy.com/ud**

Comments or Questions? Give us a call at 855-403-7429. DPL Energy Resources and The Dayton Power and Light Company are separate but affiliated companies. DPL Energy Resources' pricing is not regulated by the PUCO. Customers do not have to buy DPL Energy Resources' products in order to continue to receive quality, regulated service from The Dayton Power and Light Company.
