

Dear Faculty and Staff,

You can now schedule your appointment for the 2017 health screenings provided by Healthworks.

Here is the list of [Biometric Screenings 2017](#) dates, times and locations. If you can't attend one of the listed screenings, you can complete your screening by choosing one of the two [offsite options](#) available. Free flu shots will be available at each event and an employee health fair will be held on the first day of screenings, Tuesday October 3, from 10 am - 2 pm in Kennedy Union Ballroom. The health screening and health risk questionnaire will both need to be completed by October 31 to receive the discount.

Why should I sign up?

1. Participants who participate will receive \$120 off their health insurance premium in 2018.
2. You will be able to access the Health Activity Tracker to earn an additional \$120 off your health insurance premium in 2019 by earning points throughout 2017-18.
3. There is possible savings of \$240 on your health care premium if you complete the biometric screening, health risk assessment and the Health Activity Tracker.

How do I register?

1. Visit www.cincyhealthworks.com and click "Portal Login"
2. Username: is the first 9 digits of your UD ID#
3. Password: HEALTHSCREEN (all caps)
4. Go to "My Appointments" and click "Biometric Screening"
5. Select the Event Date and Time that works for you

ATTENTION: You can find your full 9 digit employee ID# on your pay stub located under HR Connections on Porches.

Thank you,
Maci
