INTRODUCTION

OPT (Optional Practical Training) is a benefit of F-1 student status that allows you to work off-campus in your field of study to gain practical experience. OPT after you graduate is referred to as post-completion OPT. Post-completion OPT extends your F-1 status even though you are no longer an enrolled student. It also extends the F-2 status of any dependents who are with you. In this guide, you will find:

3. **Complete the [Request for OPT I-20 Form](#), and submit it to ISSS.**
 - After receiving the Request for OPT I-20 Form, ISSS will issue an OPT I-20. Please allow for 7 business days to process this request – we will email you when it is ready. You cannot do Step 4 until you have your OPT I-20 from the ISSS office.
4. **Apply to USCIS for OPT authorization. You will mail the documentation on our attached Checklist to USCIS.** Keep in mind the following:
 - Send your application on time! USCIS must receive your application **within 30 days of the date that the OPT I-20 is issued.**
 - USCIS must receive your application **no later than the 60th day after completion of your program requirements.**
 - Filing after your program completion date may result in the loss of eligible time on OPT. Students are eligible for 12 months of OPT which must be taken within 14 months after you finish your program requirements.
5. **Receive your receipt notice.**
 - Approximately 2-3 weeks after USCIS receives your application, they will mail a receipt notice to the address listed on your I-765. 6. **Receive your EAD card.**
 - Your card should arrive to the address listed on your I-765 approximately 3-4 months after USCIS receives your application.

TIMELINE OVERVIEW: CHOOSING A START DATE

You get to choose the start date for your OPT authorization, within the 60-day grace period following your program completion date. **Your OPT approval may take three months (or more) to be processed by USCIS, so you need to plan ahead.** Here is an overview of the timeline that affects your decision:

- The OPT start date must be during your 60-day grace period after you complete your program.* If you have a firm job offer, it may be wise to choose an earlier start date. If you do not, it may be wise to choose a later start date.
- You may mail your OPT application during the period from 90 days before and 60 days after completing your program. We encourage you to apply as early as possible.

* **Master's and Ph.D. students:** If you have completed all required coursework and are working only on thesis/dissertation research, you may be able to apply for OPT while completing your research. If interested, talk to an ISSS advisor to learn more about how this works.

REQUIREMENTS WHILE ON OPT

You are subject to the following requirements while on OPT:

- **Employment must be related to your major.** If the relationship between the job and a student's field of study is called into question by USCIS in the future, the responsibility is on the student to demonstrate the relationship. The *most common* types of employment allowed during standard OPT (not STEM OPT) include:
 - **Paid employment.** Students may work part time (at least 20 hours per week when on post-completion OPT) or full time in a job related to their field of study.
 - **Multiple employers.** Students may work for more than one employer, but all employment must be related to the student's degree program.

REQUIREMENTS WHILE ON OPT, *continued*

- **Self-employed business owner.** Students may start a business and be self-employed. In this situation, the student must work full-time (at least 20 hours/week). The student must be able to prove that he or she has the proper business licenses and is actively engaged in a business related to the student's degree program.
- **Unpaid employment/internships.** Students on the initial 12-month OPT may work as volunteers or unpaid interns, where this does not violate any labor laws. The work must be at least 20 hours per week. These students must be able to provide evidence from the employer that the student worked at least 20 hours per week during the period of employment.
- **Starting work.** OPT authorization is evidenced by the Employment Authorization Document (otherwise known as the "EAD card"). If approved, USCIS will mail this card to the address listed on the I-765. Your authorized dates of employment will be on the EAD card. You cannot begin working before having the EAD card in hand and may only work during the dates listed on the card.
- **Reporting your work.** You are required to report the following information to ISSS while on OPT:
 1. When you start a new job.
 2. When you change addresses.
 3. Periods of unemployment.

After issuing your OPT I-20, ISSS will send you a link to our **OPT reporting online form**.

Do not send this information by email or it will not be reported. Only information submitted through our form will be processed. It is recommended that students maintain evidence for each job: the position held, duration of that position, the job title, contact information for the student's supervisor or manager, and a description of the work.

TRAVEL ON OPT

If your EAD card has not been issued by USCIS, and you do not have a job or a job offer, you may leave and then re-enter the U.S. to continue to look for employment. There is some risk. In order to have the best chance of re-entering the U.S. without problems, prepare the following documents:

- Passport valid for six months after you plan to re-enter the U.S
- Valid F-1 visa stamp in your passport
- I-20 with a travel signature no older than six months
- I-765 receipt notice (Form I-797)

If you need to apply for a new F-1 visa when your post-completion OPT application is pending, you should also be sure to have your I-765 receipt notice (Form I-797) in addition to the usual documents required for a visa application.

If your EAD card has already been issued and you leave the U.S. before getting a job or a job offer, your OPT ends and you cannot re-enter the U.S. as an F-1 student.

If your EAD card has already been issued by USCIS and you have a job or a job offer, you may leave and re-enter the U.S. in order to begin or resume employment. In order to have the best chance of re-entering the U.S. without problems, prepare the following documents:

- Passport valid for six months after you plan to re-enter the U.S.
- Valid F-1 visa stamp in your passport
- I-20 with a valid travel signature no older than six months
- EAD card

FREQUENTLY ASKED QUESTIONS

How long can I remain in the US after my OPT expires?

You may only work until the expiration date on your EAD card but you may remain in the US for 60 days after your OPT ends. This is known as a “grace period” and will permit you to prepare to depart the US, transfer to a new institution, start a new degree program, or to apply for a change of status. This grace period depends upon a student having maintained status during OPT, including not having exceeded 90 days of unemployment.

If you decide to transfer or start a new degree program at the end of your OPT, you must transfer within the 60 day grace period. You must also start your new degree program within the next 5 months or the next available start date, whichever is sooner.

Only in the case that your employer has filed a timely H-1B petition requesting an employment start date of October 1 will you be permitted to remain legally in the US and continue working. Your permission to continue working and remain legally in the US will automatically end upon the rejection, denial or revocation of the H-1B petition.

Do I have to pay taxes while working on OPT?

Yes. You must pay state *and* federal income taxes. Remember that unless you have been in the United States for five or more years, you must file taxes as a non-resident.

Do I need a new Social Security Card?

If your SSN card says “**Valid for Employment with CIS Authorization**” you **WILL NOT** need to get your Social Security Number card changed. If it says “**Not Valid for Employment**” you **WILL** need to get it changed. If you need to get your Social Security card changed, take your OPT card, a job offer letter, I-20, passport and a picture ID with you to a local Social Security office.

Can I take classes while on OPT?

If you begin study at another education level, your OPT authorization is terminated with the notification of a new degree program in SEVIS or with a transfer of your SEVIS record to another institution. You are meant to be working full-time while on OPT. If you are pursuing work in your major field of study and wish to take a class or two, there should not be a problem with this, provided that you do not begin a new education level. The purpose of OPT is to allow F-1 students to gain experience in their field of study prior to or after completion of program requirements.
