

## Past Exams & Appellate Briefs

The Law Library maintains an electronic reserve accessible through its community web page:

<http://community.udayton.edu/law/library/>

This site provides electronic access to copies of sample briefs for the Appellate Advocacy course and past UD Law School exams for a number of different courses. (Not all professors elect to submit copies of past exams for the reserve.)

The exams are arranged alphabetically by class/subject area and, within subject area, by professor and year. A few professors have also provided model answers that are accessible electronically. Some professors who do not submit copies of past exams for electronic reserve do make paper copies available at the Law Library Circulation Desk.
