BakerHostetler  
Cincinnati, Ohio

Apply Start Date: September 10, 2018  
Expiration Date: October 15, 2018

BakerHostetler’s premier and globally recognized Privacy & Data Protection Team is seeking talented attorneys in most of its offices. The team is adding qualified and talented attorneys to meet the increasing demands of our clients. The work will be for regional, national, and global clients and may include: providing proactive privacy, cybersecurity, and regulatory compliance advice, data security incident response preparedness training and counseling, incident response, post-incident regulatory and litigation support, and technology contract negotiation. Candidates should have five years of experience practicing law and a demonstrated interest in privacy and cybersecurity. We are looking for strong candidates who have:

- Exceptional project management skills.
- Effective and persuasive writing and oral communication skills.
- The ability to manage a fast-paced workload while maintaining priorities and anticipating issues.
- The ability to problem solve and think strategically.
- The motivation to learn and understand technology and forensic findings, effectively discuss those issues with technically skilled individuals, and distill findings for people without technology experience.
- Good judgment and the ability to apply legal knowledge to problem solve by developing practical business solutions.
- The commitment and interpersonal skills to succeed in a collaborative and team environment.

Please send your resume and law school transcripts to philarecruiting@bakerlaw.com. BakerHostetler is an equal opportunity employer.

Owens-Illinois is interested in your students! Below are the details of the job.

- Job Title: Legal Counsel – Intellectual Property
- Details
- Employer: Owens-Illinois
- Location: Perrysburg - OH
- Employment Type: Business & Industry
- Practice Area: Other
- Salary:
- Type of Job: Full Time
- Anticipated Job Start Date:
- Description:
- **Who we are:**
  - Remember the last time you opened a bottle of champagne, a cold beer after a hard day’s work or a bottle of sparkling mineral water to quench the thirst, well it was probably made by us, we are O-I and we love that we make more glass containers than anyone in the world.
O-I has more than a century of experience crafting pure, sustainable, brand-building glass packaging for many of the world’s best-known food and beverage brands. We are proud to provide high-quality glass packaging for beer, wine, spirits, food, non-alcoholic beverages, cosmetics, and pharmaceuticals.

With nearly 27,000 employees and an unparalleled footprint spanning almost 80 plants in 23 countries, O-I is a truly global maker of glass packaging.

From engineering and manufacturing to brand development, design and innovation, we are dedicated to providing unique solutions to exceed our customers’ expectations and fuel consumers’ desire for glass.

We are currently seeking a Legal Counsel – Intellectual Property to join our team at our World Headquarters in Perrysburg, OH.

The company continually works to improve upon its manufacturing processes and has recently embarked on a number of high-level research projects, all of which foster creativity and innovation, contributing to a very exciting atmosphere that provides a challenging and rewarding experience for the IP professional. The patent attorney will be intimately involved with capturing technologies in the broadest possible patent claims and expanding the number of opportunities for licensing and other related commercial arrangements.

Your Role:

This position is responsible for supporting O-I’s business strategy and interests in the technical IP legal field through effective patent and contract drafting and interpretation, advocacy and counseling O-I’s researchers, commercial staff, and management.

In this position, you must have the ability to handle numerous diverse matters simultaneously and efficiently. You will resolve complex IP issues and provide guidance to management in support of the business strategy while cultivating relationships with technical and commercial individuals through all levels of the organization. You will work cooperatively in cross-functional teams to provide thorough and understandable legal, business and technical advice. The focus of this position is in-house problem solving, IP support and drafting of documents; with occasional minor support of outside litigation counsel.

Your Responsibilities:

- Analyze inventions, new products and process innovations for comparison to competitive patents and prior art to determine the right to use ‘clearance’ and non-infringement opinions.
- Review invention records with inventors to identify potential patentability.
- Analyze inventions and processes with inventors to maximize the scope of patent protection.
- Draft patent applications and arguments in response to USPTO and foreign patent office actions.
- Analyze relationships with suppliers and customers as to IP issues and provide the course of action guidance to technical and commercial managers.
- Negotiate/draft non-disclosure, collaboration, technical services, engineering, joint development, licenses and real estate sales/lease agreements.
- Provide IP expertise to licensing and M&A groups; provide IP litigation support.
- Advise management on other IP rights, e.g. designs, trademarks, and trade secrets.
- Conduct IP and contract training seminars for sales, engineering and manufacturing personnel.
- Provide support and advise company on technical/legal issues related to industrial processes, materials, environmental and health and safety.
• Reporting Relationships:
  • Reports to the Director of Intellectual Property Law and will provide guidance to and utilize the support team within the Intellectual Property department.

• Position Requirements:
  • About You:
    • You are a Patent Attorney registered with USPTO.
    • You have a JD from an accredited law school and admitted to practice law in US; preferably in Ohio;
    • You have a BS in engineering, chemistry or other science
    • You have at least 2 years’ experience in technical/industrial/manufacturing area (non-legal).
    • You have at least 2 years’ experience in law firm or as corporate in-house counsel.
    • You demonstrate the ability to handle many diverse projects simultaneously.
    • You are excellent with negotiation and oral/written communication skills required.
    • Desired: licensing and joint development experience.
    • Desired: Experience in the environmental, health and safety fields.

• Travel Requirements:
  • Occasional domestic travel
  • Must be able to perform the essential functions of the job with or without reasonable accommodations.
  • Must be authorized to work in the U.S. on a full-time basis.

• What We Offer:
  • Opportunity for future growth and advancement
  • Generous, Award-winning 401(k) plan w/ employer contribution & match
  • Half Day Fridays (during U.S. daylight savings time from April 6 until Nov. 2)
  • Comprehensive benefits package
  • Relaxed and contemporary dress code
  • Education Assistance program
  • Adoption Assistance program
  • And much more...
  • If you are smart, passionate, innovative, culturally open, curious and collaborative, we’d like to hear from you.
  • O-I is committed to fostering an inclusive environment that attracts and embraces the brightest minds and creates a culture that welcomes a diversity of ideas and perspectives while encouraging growth and rewarding performance.
  • Must be able to perform the essential functions of the job with or without reasonable accommodations.
  • Must be authorized to work in the U.S. on a full-time basis.
  • O-I is an Equal Opportunity Employer, and does not discriminate against any employee or applicant for employment because of race, color, sex, age, national origin, religion, sexual orientation, and gender identity, status as a veteran, and basis of disability or any other federal, state or local protected class. If, because of a medical condition or disability, you need a
reasonable accommodation for any part of the application process, or in order to perform the essential functions of a position, please contact O-I at hr.recruiters@o-i.com and let us know the nature of your request and your contact information.

- O-I is an Equal Opportunity Employer and is committed to working with and providing reasonable accommodation to individuals with disabilities. If, because of a medical condition or disability, you need a reasonable accommodation for any part of the application process, or in order to perform the essential functions of a position, please contact O-I at corp.comm@o-i.com and let us know the nature of your request and your contact information.

**OWENS-ILLINOIS, INC.**
For more than a century, Owens-Illinois has delivered iconic, brand-building glass packaging to a growing global marketplace. The company was founded in Ohio by Michael J. Owens when he revolutionized the glassmaking industry with invention of the automatic bottle-making machine in 1903. Since then, Owens-Illinois, Inc. (NYSE: OI) has expanded to nearly every corner of the globe and is the world's largest glass container manufacturer with 78 plants in 23 countries spanning North America, South America, Europe and Asia Pacific. We are proud to employ 26,500 talented people around the world who display the same ingenuity and passion of our founder. As one of the few companies to be included on the Fortune 500 list every year since it began in 1955, we continue to build on that solid foundation and had revenues of $6.9 billion in 2017. As a preferred packaging partner for our customers, we provide unmatched expertise in glass container design, engineering, manufacturing, quality and service, using industry-leading technology and best practices. Packaging is the first interaction consumers have with a product, and O-I glass conveys an image of superior quality and protects and preserves the taste of food and beverages. Glass is also the world's most natural and sustainable package, make from three abundant natural ingredients and 100%, endlessly recyclable.

PolyOne Corporation

Apply Start Date: September 17, 2018
Expiration Date: November 16, 2018

Job Title: Intellectual Property Associate Counsel

Details
- Employer: PolyOne Corporation
- Location: Avon Lake - OH
- Employment Type: Business & Industry
- Practice Area: Other
- Salary:
- Type of Job: Full Time
- Anticipated Job Start Date:

Description:

About the Organization

PolyOne Corporation (NYSE:POL) is an award-winning workplace because of the value we place on our people and their contributions through recognition programs, competitive pay, community involvement, and opportunities to grow professionally and personally. We have a proven track record of promoting from within by providing professional development opportunities.

We are a $3+ billion world-class, global provider of polymer solutions with our materials used in everyday products ranging from sports equipment to medical devices to electronics and more. With approximately 6,000 global associates and 70+ facilities around the world, we collaborate closely with our customers to
deliver innovative products and services. If you like to be challenged in a fast-paced, team environment and to work with top, innovative talent, then PolyOne is the ideal company for you to build a career.

Job Summary

The Associate Counsel, Intellectual Property, under the guidance of the General Counsel and reporting to the Senior Counsel, Intellectual Property, will provide a full range of intellectual property legal support for portions of PolyOne’s businesses globally. As part of the company’s small in-house IP legal team, this position will play an integral role in building and managing a global IP portfolio aligned with commercial and technical objectives, identifying and advising on IP-related risks and other issues associated with development and sale of new products and other business activities, and promoting awareness of and compliance with IP-related policies and best practices throughout the global organization.

This position will be based at PolyOne’s global headquarters located in Avon Lake, Ohio, a suburb of Cleveland. Relocation assistance for this position is negotiable.

Essential Functions

- Prepares, files, and prosecutes patent and trademark applications in the United States and coordinates with foreign counsel to file and prosecute the same outside the United States
- Drafts, negotiates, and advises on IP-related agreements and agreements containing IP provisions, including confidentiality agreements, development agreements, services agreements, license agreements, supply agreements, etc.
- Counsels internal clients regarding a full range of IP issues, including patentability, product clearance / freedom-to-practice, protection and use of trade secrets and confidential information, trademark protection and clearance, copyright protection and use, etc.
- Conducts patent and trademark searches, analyzes the search results, and effectively communicates relevant advice or information to internal clients
- Supports IP-related aspects of M&A activities as assigned
- Supports aspects of IP-related litigation, IP-based oppositions, and other disputes as assigned
- Develops and delivers IP-related training to internal clients as assigned
- Acquires in-depth knowledge of PolyOne’s products and technologies and gains familiarity with relevant products and technologies of PolyOne’s customers, suppliers, and competitors
- Works collaboratively with existing IP team, other attorneys and staff within the Legal department, and individuals throughout the global organization from functions including Technology, Marketing, Product Management, Sales, Sourcing, Global Trade, Mergers & Acquisitions, Tax, Finance, etc.
- Performs special projects/duties as assigned

Qualifications

To succeed in this position, an individual must be able to perform each job duty satisfactorily and productively. The requirements listed below are representative of the knowledge, skills, and/or abilities
In addition to the PolyOne Competencies required for all jobs, the following qualifications are required for this job:

**Required Education & Special Qualifications:**

- Juris Doctor degree from ABA accredited Law School
- Bachelor and/or advanced degree(s) in Chemistry, Chemical Engineering, Materials Science, Polymer Science, or similar fields
- Licensed to practice law in the State of Ohio (or another state and qualified for corporate counsel registration in Ohio)
- Registered to practice before the United States Patent and Trademark Office

**Required Length & Type of Experience:**

- 5+ years of intellectual property legal experience, including a balance of patent preparation and prosecution for chemical technologies, IP-related agreements and transactions, and IP-related counseling and opinions
- Demonstrated knowledge of or familiarity with all aspects of intellectual property law with a focus in and substantial experience with patents, trade secrets, and confidential information; at least some experience with trademarks is preferred
- Demonstrated knowledge of and experience with the Patent Cooperation Treaty and familiarity with patent practice and procedure in Europe (EPO) and China (SIPO)
- Experience with polymer technologies is preferred
- Experience with a global, publicly-traded organization is preferred

**Required Knowledge, Skills & Abilities:**

- Strong legal, business, and technical acumen
- Detail-oriented, motivated, confident, and approachable
- Excellent written and oral communication skills, including the ability to interface and communicate effectively at all levels of the organization
- Excellent business judgment, problem solving, negotiation, follow-through, and time management (including docket management) skills
UNIVERSITY OF DAYTON SCHOOL OF LAW JOB BULLETIN

- Excellent analytical skills, including an ability to review technical information and data to identify patentable subject matter
- Exceptional document drafting skills (candidate should be prepared upon request to provide a writing sample including at least one published patent application and at least one publicly available office action response that were principally authored by the candidate)
- Ability to provide timely and pragmatic legal advice that guides the business to successful outcomes
- Ability to quickly learn and comprehend complex technical subject matter
- Ability to function autonomously while possessing sufficient judgment to understand when to seek assistance from or provide updates to management and/or stakeholders
- Ability to function in a fast-paced environment and operate efficiently and effectively to manage time pressures and meet deadlines
- Ability to take on progressively greater responsibilities
- Awareness of cultural differences between the United States and other countries; familiarity with a language other than English is a plus

Competencies

- Each position at PolyOne focuses on 12 competencies in the areas of Personal and Strategic Skills as well Thought Rigor and demonstrating an Action Bias. Each position ties to specific competencies and levels of proficiency which help individuals excel at their current role as well as chart their growth path with the company through our Career Planning process.

Scope

This position is global in scope.

Physical/Environmental Demands

The characteristics listed below are representative of the physical and environmental demands required by an individual to successfully perform the essential duties of this position. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential duties.

- Requires standing and sitting for prolonged periods of time, talking, listening, and thinking
- Typical work is in an office environment where the noise level is low to moderate

Equal Opportunity Employer

We offer a competitive salary, incentive and benefit plan to eligible employees. Benefits include medical, dental, vision, life insurance, disability, spending accounts, and 401(k).
PolyOne Corporation is a drug free workplace. PolyOne is an equal opportunity employer. We maintain a policy of non-discrimination in providing equal employment to all qualified employees and candidates regardless of race, sex, sexual orientation, gender identity, age, color, religion, national origin, disability, genetic information, protected veteran’s status, or other legally protected classification in accordance with applicable state and local law. *LI-BS1

**JOB FUNCTIONS**
Legal

**FROST BROWN TODD LLC**
Frost Brown Todd, a law firm with more than 500 lawyers across its eight-state footprint, offers a deep, talented roster of legal professionals. Committed to their clients, the firm leverages technical, industry and legal knowledge and hands-on experience to serve a diverse client base, from global multinationals to small, entrepreneurial companies. The firm's client teams integrate that powerful network of legal talent and business experience to provide innovative and comprehensive services across their regional platform. Frost Brown Todd focuses on delivering to clients what they report needing the most: sound legal counsel, responsive service, concise communication and an eye toward being as efficient in representation as possible. The firm favors a lean staffing model in which the likely needs of a project are considered at the outset. Many projects are handled by a single attorney, who becomes intimately familiar with the facts and laws relevant to the project. This approach reduces costs and avoids potential for duplicative work. In some projects, a threshold staffing assessment indicates that more than one attorney will be needed and a team of attorneys must be assembled. These teams include qualified associates, paralegals and project assistants who can capably handle work requiring different levels of expertise. All matters are overseen by the relationship attorney or team leader to ensure the highest standards of quality and strict adherence to technical requirements. The firm believes that all clients are firm clients. At the same time, they encourage the attorneys to be passionate about their clients’ businesses and their success. This guides their decisions to focus on doing what is in the best interests of the clients, to spend time understanding the complexities of the clients’ businesses and industries, and to be accessible to clients as their needs dictate.
