PLANING AHEAD

Think about how you want to allocate the remaining 59 credits needed for graduation among the remaining semesters. **Please note:** *You must have a 2.00 at the end of this academic year (spring semester) to continue. If you are below a 2.00, you will be academically dismissed. Also, students planning to graduate early in December (January 2018) and planning to take the February bar have almost one month less to study for the bar than students graduating in May 2018 and taking the July bar.*
