

To promote a welcoming environment, the consumption of food and drink is permitted in many areas within University Libraries. To maintain clean study spaces and prevent damage to books and equipment, please follow these guidelines:

- Avoid meals that are messy or disruptive so their consumption does not disturb fellow library users
- Retrieve food deliveries at the main entrance
- Dispose of food waste, packaging, and delivery boxes in large trash receptacles. If an item does not fit in an indoor trash can, please use a trash can located outside of the building
- Clean up any spills or messes with paper towels available in all restrooms

No food or drink is allowed in University Archives, the Marian Library, and all other special collections. Alcoholic beverages are strictly prohibited. Please take responsibility for your personal behavior and have respect for the library and custodial staff. To report abusive building activity, go to the first floor Access Services desk or call 229-4234.
