Professional History

Craig Rafferty is a licensed architect with 35 years of project experience. He has been actively involved in numerous city and state professional and civic associations. Among numerous awards for design, he was elected to the College of Fellows of the American Institute of Architects in 1992 in the Design category. In addition, Craig has been a lead designer or key member on several nationally recognized projects such as St. Elizabeth Seton in Carmel, Indiana; St. Francis de Sales in Morgantown, West Virginia; and San Fernando Cathedral in San Antonio, Texas. Craig has also been involved in multiple college and university projects throughout Minnesota.
