Policy on Meal Plan Requirements

Effective Date: January 10, 1994

Approval: March 23, 2016

Maintenance of Policy: Executive Director of Dining Services

PURPOSE: To ensure that registered students residing in a residence hall are assigned a university meal plan.

SCOPE: All residence hall students.

POLICY: All students living in a traditional residence hall (Marycrest, Stuart, Founders, Virginia Kettering, or Marianist) are required to purchase either the Standard Plan or the Flexible Plan. This requirement applies to all students regardless of class status. Once a meal plan has been selected, no changes can be made after the second week of the semester. Meal plans can be used in Dining Services locations only.

The Standard Plan provides breakfast, lunch, and dinner seven days a week with set meal plan hours and spending allowances. The plan resets every day and any unused meals are lost.

The Flexible Plan provides complete flexibility in dining, functioning as a debit account. There are no meal periods tied to a clock or spending allowances associated with this plan. 100% of all debit funds remaining at the end of Fall Term roll over to the Spring Term if the student remains on campus. A meal plan for Spring Term is still required if the student will be living in a traditional residence hall. At the end of Spring term, a partial roll over may apply.
