

THIRD PARTY VERIFICATION REGARDING MINORS TRAINING

_____ (“Third-Party Entity”) wishes to host a program on the University of Dayton (“University”) campus that involves minors.

THIRD-PARTY ENTITY

Under its Minors on Campus and Working with Children Policy (“Minors Policy”), the University requires that, for adults to be authorized (*i.e.*, “authorized adults”) to work with children in the context of a program on campus, such adults must take training about the University’s Minors Policy. However, the Third-Party Entity has a comparable training program that addresses many of the same elements of the University’s own training, such that requiring Third-Party Entity to take the University’s training would be unnecessarily redundant. The University’s Office of Legal Affairs has reviewed Third-Party Entity’s training program and determined that it generally satisfies the training requirements of the University’s Minors Policy.

One unique element in the University’s training, which derives from its Minors Policy, is that for events/programs involving minors on the University’s campus,

- a. any instances of known or suspected child abuse;
- b. any instances of the known or suspected *threat* of child abuse; or
- c. violations of the University’s Minors Policy;

must be reported in two ways. First, such issues must be reported to the University’s Office of Public Safety at 937.229.2121. Second, such issues must be reported to the person in charge of the program; in the case of a Third-Party Entity using University facility, this person would typically be the University contact who assisted in booking the University facility for the event/program. Third-Party Entity is required to comply with these reporting requirements. If Third-Party Entity has any questions regarding these reporting requirements, including but not limited to the identity of the person in charge of the program, then Third-Party Entity will contact the Office of Legal Affairs at legalaffairs@udayton.edu or 937.229.4333. Third-Party Entity is fully responsible for any failure to comply with these reporting requirements.

The University’s reporting requirements are independent of any obligations to report that certain individuals may have under Ohio law. Any person associated with Third-Party Entity who qualifies as a “mandatory reporter” under O.R.C. § 2151.241 is still responsible for complying with his or her mandatory reporter obligations.

Third-Party Entity hereby warrants that all of its employees, volunteers and other associates to be involved with the program it is hosting on the University campus have taken its required training, and further, that it has apprised each such employee, volunteer and other associate of the University's reporting requirements.

This document is being signed, on behalf of Third-Party Entity, by an individual with knowledge of the matters stated herein and authority to bind Third-Party Entity.
