

INDIVIDUAL VERIFICATION REGARDING MINORS TRAINING

I, _____, wish to be part of a University of Dayton
AUTHORIZED ADULT
("University") program or event that involves minors.

I understand that, under its Minors on Campus and Working with Children Policy ("Minors Policy"), the University requires training about the University's Minors Policy for any adults who wish to be authorized to work with children in the context of a University program or event. I understand that such training contains a number of elements, including behavioral requirements for working with child, as well as obligations to report known or suspected child abuse. However, I underwent training on _____ about working with children, through
INSERT DATE
(describe circumstances/program through which training received): _____

I have attached proof that I have taken this training as described above. The contact information and name of the individual who can more fully describe the contents of the training and otherwise confirm I took the training is as follows: _____
NAME & CONTACT INFORMATION (E.G., PHONE # OR EMAIL)

I understand that the University's Office of Legal Affairs will need to review the training I have taken to determine whether it satisfies the training requirements of the University's Minors Policy. If that office determines the training is not sufficient, then I realize I am required to take the University's Minors Policy training in order to be authorized to work with children as part of a University program or event.

I further understand that one unique element in the University's training is that, for University events/programs involving minors,

- a. any instances of known or suspected child abuse;
- b. any instances of the known or suspected *threat* of child abuse; or
- c. violations of the University's Minors Policy;

must be reported in two ways. First, such issues must be reported to the University's Office of Public Safety at 937.229.2121, *or*, if the event/program is off campus at a facility that has an established protocol for handling abuse incidents and reporting, then I am to report the issue

through their handling protocol instead. Second, such issues must be reported to the person in charge of the program. I agree to comply with these reporting requirements. If I have any questions regarding these reporting requirements, including but not limited to the identity of the person in charge of the program, then I will contact the Office of Legal Affairs at 937.229.4333 or legalaffairs@udayton.edu.

The University's reporting requirements are independent of any obligations to report that certain individuals may have under Ohio law. I understand that if I qualify as a "mandatory reporter" under O.R.C. § 2151.241, I am still responsible for complying with those mandatory reporter obligations.

I understand that, if I falsify any information in this form or the attached documentation, such falsification may result in the loss of the privilege of being involved in University programs where minors are expected to be present, and such falsification may be considered a violation of other University policy and therefore result in other, additional consequences.
