

Madonna and Child Logo

The graceful and grace-filled image of Mary and Jesus is the creative result of Marianist collaboration and inspiration at its very best. Several years ago, Bro. Tom Pieper, S.M., was seeking a banner to display at Marianist celebrations. This search for mission-based art encouraged Bro. Gary Marcinowski, S.M., to develop a woodblock image which gently outlines Madonna and Child.

The image by Bro. Gary, with his permission, has been identified as the artistic logo of the Marianist Brothers and Sisters at the University of Dayton and for the Office for Mission and Rector.

The image can be seen on our promotions and publications, as well as on two university-owned and operated buildings. Other collaborations have enabled the image to be more broadly used with approval and citation. In an effort to credit this artwork and to deter misuse, the Office for Mission and Rector has been authorized to oversee its usage.
