

DON'T CANCEL YOUR CLASS!

Attending a conference? Not feeling well? Need to cancel a class?

LET US TEACH FOR YOU!

Don't cancel your class! Whether you plan on canceling in advance, or something comes up the day of, invite an educator into your classroom instead. We offer presentations on a variety of topics including sexual violence prevention, leadership and LGBTQ support services. We value our collaboration with faculty across campus. Please let us know how we can best support your work and students.

We all have the power and responsibility to do something to stop power based personal violence, including sexual assault, intimate partner violence, and stalking, at the University of Dayton. The **Sexual Violence Prevention Education Office** has 18 different presentations that address this topic, and we are happy to personalize the presentation to your course content.

The **Office of Student Leadership Programs** offers a session that will assist students in developing the qualities of leadership that are essential for organizational, career, and personal success. During the session, students will connect their goals and values to the class curriculum which enables students to reflect upon their leadership development and to integrate their learning inside and outside of the classroom.

UD is taking strides to support the **Lesbian, Gay, Bisexual, Transgender, and Questioning/Queer** (LGBTQ) members of our community. This presentation focuses on sexual orientation, gender identity, and dispelling myths about the Church's teachings. Being LGBTQ or an Ally and being Catholic are not mutually exclusive identities.

Community Wellness Services is committed to promoting lifelong wellness and educating the campus community on the seven dimensions of wellness. We offer interactive educational sessions on a variety of topics, including an overview of the seven dimensions of wellness, nutrition, stress management, sleep, physical activity, and digital citizenship. We are also happy to work with you to design a session reflective of your needs.

WILL YOU HELP US?

Your class creates a platform for these important conversations with students. Don't Cancel Your Class. Instead have one of our educators engage your students in these important topics.
