

## Creating a Culture of Safety

Thanks for being interested in doing a green dot! Consider including one of these statements in the signature line of your email:

"Green Dot supporter"

"I'm doing my part to keep our campus safe...are you doing yours?"

"No one has to do everything, but everyone has to do something."

"So, what's your Green Dot?"

**"I am committed to a community free of violence."**

"My Green Dot is...." {put a note on your calendar to change the Green Dot example once a week}

"Find out how you can help stop sexual assault, stalking, and dating violence. Live the Green Dot."

"What kind of campus do you want? Join me and help end violence"

"Be the change you want to see in the world."

"Green Dot...Live it!"

"Add a Green Dot to our campus map"

"Have you done a Green Dot lately?"

"The current rates of power-based personal violence are unacceptable to me."

***green dot: a single choice in one moment that makes this community safer.***

*No one has to do everything. Everyone has to do something...What's your GREEN DOT?*
