- A group / individuals priority is based on:
 - PATH Points
 - Credit Hours Completed as of January 1, 2015
 - Random Number
- Student's participation in the curriculum allowed them to earn points towards determining their housing priority. Points are earned between August and March.
- The process for assigning students into housing begins with the student application.

Assignment Process

- The group leader prioritize housing choices and based on the groups points, their first available choice is assigned.
- The more blocks a student includes in their list, the more likely they are to receive housing.
- The list of prioritized blocks can be re-ordered at any time while applications are open (3/9/15 – 3/20/15).
- You will not be able to list a block twice.
- The prioritized list will be saved to the group leaders' application. The order will represent the selection for the entire group.
- Only the Group Leader will be able to select blocks. If the current user is not a group leader, the page to prioritize housing will not be displayed.
