We are happy to provide you an opportunity to arrive early for University of Dayton related business between the start of the fall semesters. You must agree to EACH statement acknowledging that you are aware of the conditions under which you are occupying your space early and that you understand the steps you will need to take to resolve any issues you may have.

- I understand that it is my responsibility to report any damages through the Facilities Management work order system at <http://facilities.udayton.edu/workrequests/> within 48 hours of discovering the issue.
- I understand that housing any unauthorized guests and/or roommates not approved for early arrival/extended stay is in violation of this agreement and could result in disciplinary action.
- I understand that if there are any vacancies in my housing area, I must work with my roommates when they arrive to set up the common spaces. I further understand that I will need to work with my roommates to clean the common spaces to a level satisfactory to everyone living in the space.
- I understand that if I am sharing a traditional space, suite-style space or house, I may move my belongings only to my half of the room, suite, or house.
- I understand that while I am living in university housing during early arrival and extended stay periods, if I violate the University of Dayton Student Standards of Behavior and Code of Conduct, I may be asked to vacate university housing until the regular housing contract start date.
- I understand that any damage to/or loss of my personal property during this early arrival or extended stay period is my sole responsibility.

I have read the above statements and understand that I am bound by the terms and conditions as described. I further understand that I waive my right to appeal any charges and/or fees associated with taking advantage of extended stay or early arrival.
