The projector must be controlled directly from the controls on the projector.

Press “Source Search” to switch inputs (ie. Display DVD/VHS instead of PC).

Focus can be adjusted with the arrow buttons. The size of the projected image (throw) can be adjusted by rotating the T dial.

Make sure the lens cover is in the Open position when trying to project.

For assistance please contact Technology Support Services at 229-3888.

To power the projector ON/OFF press the Power button.
Audio Controls

The projector must be on for audio to project from the PC Cart Speaker

SOUND

Use the knob on the speaker to adjust volume up/down. Turning the knob all the way to the left until it clicks will turn the speakers off.

If projecting audio from the PC, ensure that the Windows volume is up, and the volume from YouTube, Windows Media Player, etc. is up and not muted before adjusting volume at the speaker.

For assistance please contact Technology Support Services at 229-3888.
