

# Making Porches Your Home Page

University of Dayton - Porches/Banner Training

---

## Internet Explorer (version 7.x)

To make Porches your home page in Internet Explorer, use the following steps:

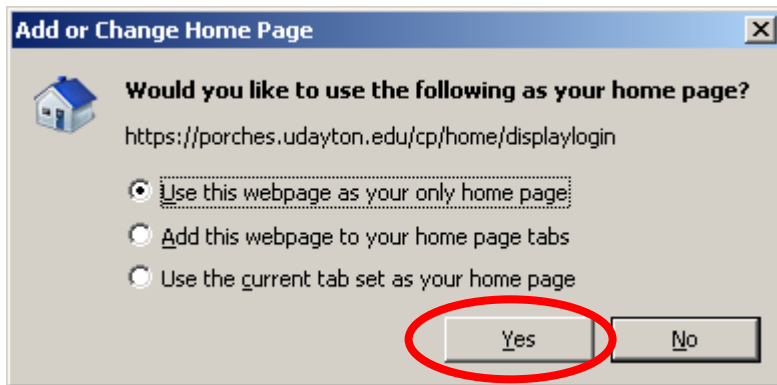

1. Open the Internet Explorer web browser and go to the following site:

**porches.udayton.edu**

2. Click on the down arrow next to the home icon: 

3. Click on **Add or Change Home Page...** option.

4. Click on **Use this webpage as your only home page** and click on the **Yes** button.

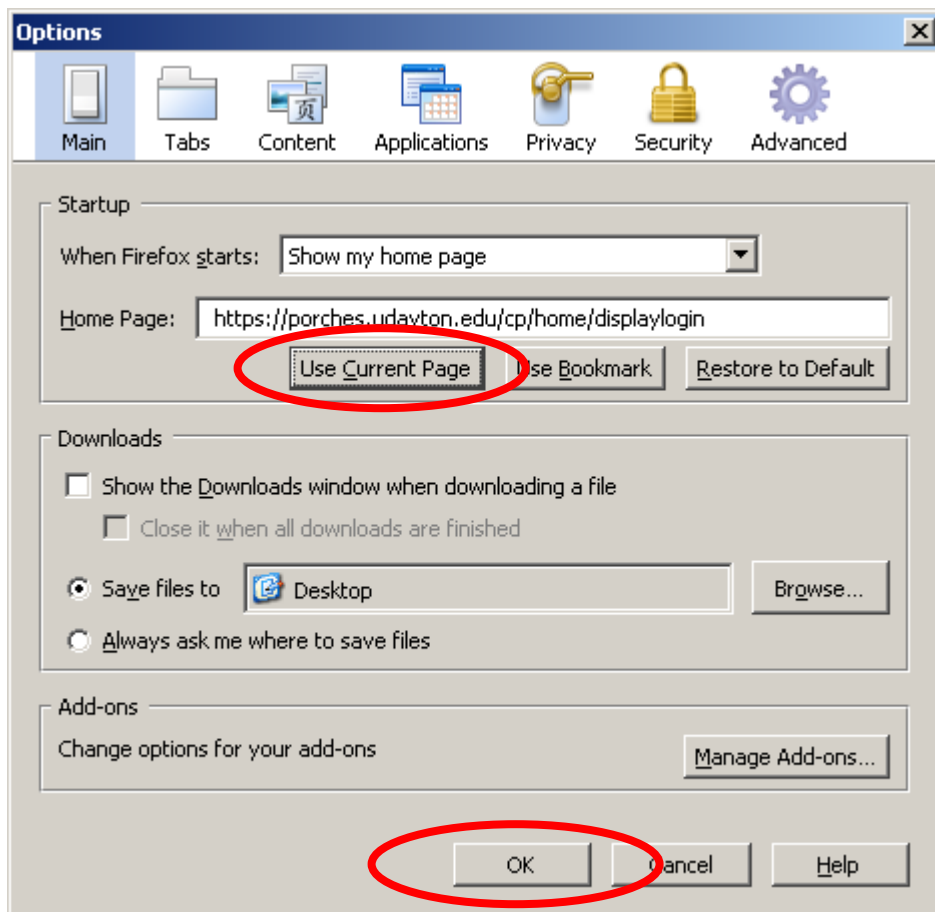

5. The Internet Explorer will now use Porches as your home page.

### Mozilla Firefox (version 3.x)

To make Porches your home page in Firefox, use the following steps:

1. Open the Firefox web browser and go to the following site:  
**porches.udayton.edu**
2. Click on the **Tools** menu and choose **Options**.
3. Click on the **Use Current Page** button and click on the **OK** button.

4. Firefox will now use Porches as your home page.

### **Safari (on a Macintosh computer)**

To make Porches your home page in Safari, use the following steps:

1. Open the Safari web browser.
2. Click on the **Safari** menu and choose **Preferences**.
3. Select **General** from the Preferences options.
4. Click inside the **Home page** field and type: **<https://porches.udayton.edu>**.
5. Click on the **Set to Current Page** option.
6. Click on the red circle/x in the top left corner of the window.
7. Safari will now use Porches as your home page.
