

GLOBAL CROSSING READY-ACCESS® AND EMEETING

Easy, instant conferencing.

CALL A MEETING WITH ANYONE, ANYWHERE, ANYTIME WITHOUT RESERVATIONS.

Communicate efficiently among a group – worldwide, without travel or elaborate arrangements. Distribute information and share opinions in real time with Global Crossing Ready-Access® and eMeeting. Accelerate project development and decision-making. Increase meeting productivity with online Web Moderator and eMeeting Services for managing meetings and sharing computer-based content interactively. Record your conference and share it with others on the Web.

IN BRIEF

- On-demand teleconferencing and web collaboration
- Simple, easy to use
- Anytime, anywhere dial-in

FEATURES & BENEFITS

- **Subscription Service** – “on-demand” status minimizes set up time for convenient, easy-to-access conferencing
- **Online Tools** – phone keypad commands and Web Moderator application give you complete control for a dynamic conference configuration
- **Multi-level Passcodes** – maintain chairperson control and conference security
- **Multiple, Geographically Distributed Systems** – offers disaster protection and the ultimate in reliability
- **eMeeting Web Collaboration*** – share documents, data, presentations, or other applications in real-time for added meeting productivity
- **Knowledgeable Service and Support** – conference operator assistant is available 24/7; online support is also available
- **Global “800” Numbers**** - global reach, local convenience, unmatched reliability
- **Record*** – record your conference using telephone touchtone commands
- **Archive management*** - on-line recording file playback, hosting and management
- **Account Options** - configure the feature setting on your Ready-Access subscriptions; change settings as often as you like
- **Quick Start**** - allows conferences to begin without requiring the Chairperson to start the meeting

- **Account Codes** - attach a numeric code (up to 20 digits) to a conference so charges can be billed back to specific cost centers (for easy internal cost allocation or client billing)
- **Auto Continuation**** - allows all conferences to automatically continue until the last person disconnects

ROBUST SERVICES

Get a permanent number for dial-in teleconferencing convenience. Protect your conference with chairperson control and security passcodes. Access operator assistance immediately, anytime you need it. Manage your meetings with simple Web-based tools. Use your conference to collaborate, understand, and build consensus – share multimedia content with eMeeting. Record your conference and replay it at anytime.

BRING PEOPLE TOGETHER

Whether on-line or off-line, conference on demand with reliable Global Crossing Ready-Access and eMeeting. Maintain permanent, toll free and toll access for meetings. Enhance the productivity of global collaboration by connecting up to 96 lines any time of day or night. Assemble teams of dispersed employees, business partners, and customers without travel. Streamline account management and billing by making Global Crossing your worldwide source for Audio and Web conferencing services.

CONNECT YOUR BUSINESS

Get convenient, reliable audio conferencing with a Ready-Access or eMeeting subscription. Conduct project status updates, weekly meetings, and corporate training sessions via the Web without reservations. Participants dial the Ready-Access number, enter a 7-digit code, and begin conferencing. Passcode-protected chairperson privileges maintain security and control of the meeting via telephone touch tone commands or Ready-Access Web Moderator interface. Record the conference call, and keep your recorded calls on your local drive or share it with others on the web.

RUN A BETTER MEETING

Monitor and manage Ready-Access meetings with our Web Moderator. Requires a personal computer and an Internet connection. View on-screen information and call controls in a browser window. Free with Ready-Access subscription.
