

## Isidore Tip – Renaming and Reordering Tools

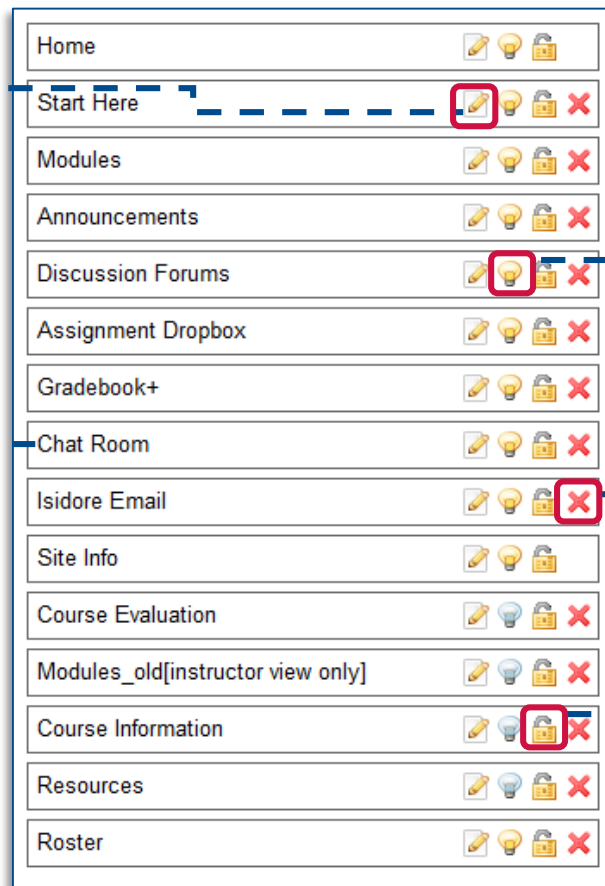

Do you wish you could rename the 'Schedule' tool to 'Calendar' in your Isidore site? You can!

1. Go into the Isidore site you wish reorder the tools in and click on the 'Site Info' tool.
2. Click on the 'Rename/Reorder Tools' link.

Use the paper and pencil icon to change the name of the tool.

Drag tools up and down to reorder them.

Use on the light bulb to turn a tool on or off to students.

The red X removes a tool from your site.

Use the lock when you want to hide a particular tool from students.

4. Please remember to click on the 'Save' button between every change you make.
